

AWAIT SNOWSTORM TO GIVE TRIAL TO TWO SNOW PLOWS

Manufacturers Request Permission To Demonstrate Their Equipment

A demonstration of snow removal will be given on the Appleton-Green Road after the next snow storm. Permission to demonstrate a Best 60 Horsepower Tractor and a "V" Shaped Hydraulic Lift LaPlant Choate snow plow was asked by the manufacturers from the county-state road and bridge committee. The committee which met in the courthouse Monday afternoon decided that it would be a good idea to have the demonstration.

A. G. Brusewitz, county highway commissioner also will attempt to show that a scoop shovel shaped snow plow, such as the county tractor now is equipped with, is superior to the "V" shaped plow. The plow recently devised and perfected by Mr. Brusewitz picks up the snow like a shovel and the blades push the snow on opposite sides of the road.

A petition for an addition to the county road system was asked of the road committee. The proposed section includes six miles of the Spencer road and about four miles of the Appleton-Green road. The committee also authorized members of the highway department to attend the state road school in Madison this week.

Those attending the road school from this county are Milford Bottrill, A. M. McClone, Charles Sievert, A. P. Anderson, committee members; A. G. Brusewitz, highway commissioner; Carl Reiche, highway accountant, and John E. Hantschel, county clerk.

MAIL CARRIERS ARRANGE TO SHOW PICTURE HERE

A motion picture that in melodramatic form portrays the life of a small carrier will be shown in Appleton as a result of an agreement reached by the Appleton Postoffice association with the Majestic theatre. The picture will be shown early in March, and part of the proceeds will flow into the Postoffice Association benefit fund.

The name of the picture is "The Mailman," a film that is being shown all over the country to the appreciation of thousands of theatre goers. It is said to be a human story with everybody in the cast behaving as human beings would behave were they in real life to be confronted with the problems that unfold themselves in this photoplay.

SCHLAFFER IS PRESIDENT OF FIRE RISK COMPANY

O. P. Schlaffer of the Schlaffer Hardware company, Appleton, was re-elected president of the Hardware Dealers' Mutual Fire Insurance company and the Hardware Mutual company which met last week in the company's home office in Stevens Point. Mr. Schlaffer is a holdover director. Here before this meeting has been held in Milwaukee in conjunction with the annual convention of the Wisconsin Retail Hardware association. That convention will be held in the Milwaukee auditorium on Feb. 6, 7 and 8.

SHAMROCK GIRL SCOUTS MEET WITH THEIR LEADERS

The first meeting of Shamrock troop of Girl Scouts with the new patrol leaders took place on Tuesday afternoon. The leaders who include Dorothy Calnin, Helen Gilman, Margaret Murphy and Ethel Glouderman took charge of their patrols and conducted the routine business with them. The circus which the troop is planning will take place sometime in February.

POSTMASTER SEEKS MORE COOPERATION FOR CARRIERS

The cooperation of mail patrons in Appleton was asked by Postmaster William H. Zuehlke in an announcement Wednesday in which he suggested that residents shovel snow from sidewalks to curb the inconvenience of the letter carriers. Since carriers must cross over from one side of the street to the other, the high snow banks caused by ploughing of streets forces the carriers to retrace their steps the entire block. The result is that the mail delivery is delayed.

SKULL BROKEN DURING MADISON LABOR ROW

Madison—Charles H. Fix, plastering contractor, is in a serious condition at the General hospital following an altercation at the Labor Temple here during which he was pushed backward and struck his head on a cement floor. His skull was fractured. An investigation will be made according to Coroner Joseph Stephenson.

Appleton People Spend Quarter Million A Year For Amusement Tickets

Average Expenditure Per Family For Movies Alone Is \$1 a Week—Dances Get \$4,500

Are you an average Appleton family in amusements and do you spend as much as the family we shall call Mr. and Mrs. X? Appleton people in round figures spend \$236,250 for ticket purchased amusements and of that about \$219,000 is for the movies. There are approximately 5000 families in Appleton and the average expenditure is \$1.12 per year, a little less than \$1 per week. Mr. and Mrs. X, Willie and Mary X, who go to nearly everything have a much higher average, something like \$192 a year.

No definite figures being available, all estimation of gate receipts and sale of tickets were made roughly from a number of persons who attended the various activities during the year. Last year the number of entertainments at Lawrence Memorial and those of a theatrical nature, both professional and amateur at the theatre brought in about \$18,750 from the sale of tickets. These included grand opera, Tony Sarg's marionettes, plays, women's club and boy scout benefit performances, lectures, the artist series and the Minneapolis symphony concert. They do not include entertainments of smaller nature for which tickets were sold.

\$4,500 FOR DANCES
The receipts for the public dances given within the city at Armory G and smaller auditoriums total something over \$4,500. The armory dances of which there were more than 40 in the past year, averaged 150 people with the receipts for such a dance something under \$10. Dances were given at many of the smaller halls during the year but the total receipts were much less.

The amount of money taken in for athletic contests gate receipts during a year totals about \$14,000. This is in round numbers \$3,500 for high school football and basketball, \$6,000 for college football and basketball and \$4,500 for professional contests, including wrestling and boxing.

2,300 AT MOVIES
No figures concerning the actual amount of business done in the moving picture houses are available, but according to one of the moving picture exhibitors, the average daily attendance at the movies is 2,300. The proportion of this attendance for each theatre varies greatly but it is estimated that the four houses in Appleton do about \$600 worth of business each day, which is a yearly total of \$219,000. This is about 44 cents a family per week for movies.

There are many families in Appleton who rate somewhere between the average and the X family. There also is a number which spend more than \$192 a year for this amusement, card parties, books, magazines, and various other kinds of entertainment which must be charged to the recreation item in a family budget.

HOW IT IS DONE
If Mr. and Mrs. X were to buy two tickets for their family for each of the entertainments listed at Lawrence Memorial chapel and the theatre. They would spend \$37.50 for these tickets. This is a fair average for some families of four. It means that only two go to everything that it is possible to attend.

If Willie X who is still in school and not on an allowance takes "his girl" to one dance a month and if Mary X goes to six dances for which she pays her own admission and if Mr.

and Mrs. X should take in two dancing parties a year, the dance expenditure for the family will be \$14. If both Dad and Willie attend three high school and college football games during the season, there is another \$12 and if between the two of them they should attend three fights, a similar sum would be used up. When a family goes as much as the X family does it is reasonable to suppose that each one of the family goes to the movies once a week and that some one of them goes a second time or takes a guest. This will probably amount to \$2 a week or an expenditure of something like \$104. These figures total practically \$200.

It is possible that few families spend as much as the X family and that each man reading the story will find that some of the totals are too high. A comparison with one's own actual ticket purchase will be interesting and revealing.

The Rev. R. E. Ziesemer and son Richard have returned from Kenosha where the former took part in a Lutheran church celebration.

ALASKA SOON WILL BE ADVERTISED AS A NICE PLACE TO SPEND WINTER

If it is too cold to suit you here, move to Alaska. That is the word passed along by George Weiss, former organist of the Semiahmoo theatre, who has gone to Cordova, Alaska, to play in a theatre in that city. When Wisconsin was shivering under zero on New Years day, that portion of Alaska was enjoying a temperature of 35 to 50 degrees above zero.

OVERHEATED FURNACE CAUSES SMALL FIRE

An overheated furnace was the cause of another fire to which firemen responded Tuesday. The fire occurred at 2 o'clock in the afternoon at Slater's drygoods store at 964 College ave. Woodwork had begun to smoke from the heat of the furnace, but no actual damage was caused. One truck of the department responded to the call.

LAWRENCE SINGERS MAKE TWO TRIPS

College Glee Club Will Make First Public Appearance At Forum

The Lawrence Glee club which has been practicing daily under direction of Carl J. Waterman, dean of the conservatory of music, since the beginning of the new quarter will make its first appearance to music loving fans of this city in connection with the People's forum on Sunday evening. Fifty-five men have been trying out for this year's Glee club including many members of last year's club. Because of the large number of old members, Dean Waterman expects the club this year to be bigger and better than ever before.

Two short trips will be made this year instead of the usual long one

of other years. The first trip is scheduled for February 11th, to the 18th. The first concert will be given at Oshkosh, and from there the club will jump to Madison. Other towns in the itinerary are Janesville, Wauwatosa, Milwaukee and Fond du Lac. Numerous soloists, instrumental and vocal will give a desirable variety to this years program.

Although most of the songs at the forum will be sung by the Schola Cantorum, two special numbers will be sung by the Glee club.

Mrs. Richard Veirwey, 850 Oneida st., has returned from Claywood attending the funeral of her sister-in-law, Mrs. Fred Reed.

BIGGEST POULTRY SHOW READY FOR VISITORS TONIGHT

Hundreds Of Birds Arrived Tuesday And Wednesday For Eleventh Exhibit

Birds for the eleventh annual poultry show of Fox River Poultry and Pet Stock association have been arriving by the hundreds all day and a large number was received Tuesday afternoon before the wire cages were up. The only thing that saved the officers from being swamped with exhibits was the cold weather of the last few days which prevented some of the birds from being shipped. As it is all the cages will be occupied and the show will be one of the largest in the history of the association.

Wednesday is entry day and the doors of the armory will be thrown open to the public at 7 o'clock Wednesday evening. By that time the exhibits will be in place. The pheasants and pigeons which were to have been exhibited by Oscar Klemp of Clintonville, and which were to have occupied a cage in the center of the floor, are missing, the owner having notified the officers he was unable to ship them because of the cold weather.

The armory will be open each day during the show from 9 o'clock in the morning until 10 o'clock in the evening except Sunday, the closing day when it will be open from 1 to 6 o'clock in the afternoon.

The exhibits for the corn and grain show to be held in connection with the poultry show commenced arriving Tuesday and will be in place Wednesday evening when the public is admitted. The show will be one of special interest to all who visit the armory.

You Big Stiff

KNEE—Watch Your Finish

Stiff, swollen, inflamed, rheumatic joints should be treated with a remedy made for just that purpose only.

Fifteen Makes Of Cars At Automobile Exhibit Here

One of the outstanding events of the year will be the automobile show which will be presented in Armory on Feb. 2, 3, 4 and 5 by the co-operating automobile dealers of Appleton. The show will be in progress every afternoon and evening of the four days.

New automobiles have been on display here several times in automobile parades and outdoor exhibitions, but this will be the largest automobile exposition ever produced in this territory according to O. C. Hoffman, who is promoting the show.

The exhibits will in no way be behind those of the automobile shows held in Milwaukee, except in number. But the same standard makes of cars will be on display. Practically all of the automobile dealers and dealers in automobile accessories are co-operating in this enterprise.

15 MAKES OF CARS
All the latest models of the standard makes of cars will attract the eyes of the visitors that are expected to crowd the armory. The products of about 15 different automobile manufacturers handled locally will be represented on the floor in addition to a complete line of accessories from the shops of Appleton dealers. Although dealers from Milwaukee, Green Bay and other cities have asked for space, the exhibition will be strictly local on account of lack of room.

A number of entertainment features have been planned to go hand in hand with the automobile attractions. Snappy and up to date vaudeville acts that are clean and of a superior order will be offered for the diversion of the spectators. Both afternoon and evening. In addition music will be furnished by one of Gib Horst's six piece orchestras. This will be continuous except during the vaudeville acts.

EXPECT BIG CROWDS
A large attendance is expected at the automobile show not only from Appleton but from many other communities of considerable distance. From Mr. Hoffman's experience it has proven that automobile enthusiasts are interested in automobile shows because they have learned the lesson of doing their auto shopping early.

Waiting until spring to purchase a car is no longer considered the wise thing to do, for that is the time that the local dealer and the manufacturer are burdened with such orders, but it is also the period in which there is a demand upon the local dealer's service department—too great in fact to give the new purchaser and his car the best attention.

Customers who have already bought one or more cars know that an order

placed in the winter time means an early delivery with no annoying delays as are common when the orders are placed in spring.

AMERICAN LEGION DINNER POSTPONED

Weather which made it impossible to complete the membership drive has caused the postponement of the dinner planned by Oney Johnston post of the American legion at the armory Thursday evening. It will be held next week, either Tuesday or Thursday, according to George C. Dame, chairman of the campaign.

Teams are working in each ward to enroll all former service men in the legion post, but the visitation was interrupted by the extremely cold weather. The workers therefore asked further time in order that they might have a better chance to compete for the prizes offered by a number of businessmen who are members.

GO TO WORKHOUSE FOR BORROWING CAR

Two young men took workhouse sentences Wednesday morning upon conviction of the charge of taking an automobile without the owner's consent. They were Clarence Kern and Carl Chivinkton who were arrested in Kaukauna by Chief R. H. McCarty, following their escapade in Hugo Kuehn's car in Appleton on Dec. 23. Antone Kerschner also was arrested as one of the party, but the charge against him was dismissed. The original warrant charged theft, but the charge later was changed to that of taking the car without the owner's consent. Each will serve 20 days in the county workhouse, according to the sentence passed Wednesday morning by Judge A. M. Spencer in municipal court.

Mrs. Cora Haskins of Green Bay spent Tuesday with Appleton friends. Miss Annette Colvin was taken to St. Elizabeth hospital Tuesday night where she was operated upon for appendicitis.

TIPS FOR TAXPAYERS

NUMBER 20

Misunderstanding of the provisions of the revenue act relating to personal expenditures is indicated in the returns of many taxpayers. Claims are made for deductions of house rent, car fare to and from the taxpayer's place of business, amounts spent in improvement of the taxpayer's dwelling, and similar items. All these are personal or living expenses, deductions of which from gross income is expressly disallowed by the statute.

A physician who maintains an office in a rented home may deduct the proportion of such rent properly chargeable to the portion used for professional purposes. If, however, he maintains an office elsewhere and incidentally receives patients at his home, he is not entitled to deduct any part of his rent for his residence as a business expense.

If a physician owns the home or building in which his office is located, no deduction for rent is allowed unless the amount of rent claimed is reported by him as income. The reason is that money paid as rent becomes income to some one, and, in this instance, the physician is that person. However, a professional man who maintains an office in a home or building owned by him may deduct as a business expense a proportional part of the amount properly chargeable to the use of such offices for heat, light, insurance, repairs, depreciation, etc., which he may not deduct on that part of the house used as a residence.

Other deductions not infrequently claimed by taxpayers but disallowed by the revenue act as "family or living expenses" are amounts spent for food, clothing and education of children, hire of domestic servants, and similar items for the upkeep of a home.

KASTEN BROTHERS TO NEW LOCATION

Kasten Bros., who have been conducting a shoe sale at their store at 928 College-ave, sold what was left of their stock to a Milwaukee dealer and shipped it Tuesday. They have leased the east half of the annex of the Insurance building of the Aid Association for Lutherans and will occupy it about the middle of February with an entire new stock of goods. The shelving and fixtures also will be new.

The building they vacate has been leased by Wenzel Bros., plumbers, who will occupy it Feb. 1. Negotiations are in progress to sell the Wenzel building at 759 Appleton-st.

Mr. and Mrs. W. E. Plamann attended the automobile show at Milwaukee Tuesday.

America's Cold Remedy

150 MILLION
Hill's Cascara Bromide Quinine Tablets Used Last Year

You can depend on Hill's Cascara Bromide Quinine to break your cold in 24 hours—a gripe in three days.

There's no guesswork about Hill's. It has been proven in millions of cases. More than 4,000,000 American families used one hundred and fifty million of Hill's tablets last year.

906 B. & L. SHARES SOLD IN CLOSING WEEK OF CAMPAIGN

Drive For New Association Ends Saturday—Lions Club To Be Organized

Special to Post-Crescent.
New London.—The new Building and Loan association is continuing its active campaign for the installation of stock and the closing of the drive on Saturday night, Jan. 26. Last week's canvass of the factories and the business district was successfully conducted, and the large thermometer in front of the city hall registered 906 shares sold Saturday night. The time has been spent in the home-to-home canvass of the factory employees.

Two chimney fires called out the fire department during the cold snap on Sunday and Monday. The chimneys came from the Central hotel at 529 Sunday afternoon, and from the P. J. LaMarche home on the cemetery road Monday morning.

In spite of the fact that the thermometer registered 15 degrees below zero Sunday evening, about 250 people gathered at the Congregational church to hear the community program. In the absence of an outside speaker the program was largely musical. A reading from the "Bonnie Brier Bush" was given by Mrs. Catherine Rector and one entitled "St. Peter at the Gate" by Mrs. William Werner. Vocal solos were sung by the Misses Carolyn Desjardis and Bernice Swift, Orville Desjardis and Miss Bernice Swift, each played a piano solo. R. G. Newhauser gave a solo number on the violin. The Congregational church orchestra added several selections to the program. W. H. Harten responded to a call for an impromptu talk. The Rev. H. P. Freeling led community singing.

Twelve boy scouts took degree or merit badge tests at the regular meeting Thursday evening.

O. P. Cuff spent the weekend with his family in New London.

Thomas G. Roberts was in attendance at a convention of county bankers association officers at Milwaukee on Monday.

About 25 business and professional men of this city have signed up for a Lions club, and organization of the club will be perfected in a few days.

FIX DATES SOON FOR HORTONVILLE FAIR

Officers Who Retire Have Done Excellent Service For Long Periods

Hortonville.—Newly elected officers of Outagamie County Agricultural society soon will meet to make preliminary plans for the annual Hortonville fair, usually held in August. The dates will be set by the board of trustees.

Success of the past fairs is due to the painstaking efforts by the officers who just retired. Charles Schulz, retiring president, served in that capacity for three years and is succeeded by John M. Schmitt.

The longest period of service is that of L. A. Carroll, retiring secretary. He has managed the fairs for 16 years, serving under five presidents. The first was L. Jacquot, the second J. M. Schmitt, who has been elected again, then H. P. Moffet, Henry Culbertson and Charles Schulz. Mr. Carroll also served as treasurer for three years. M. S. Schwarz has been treasurer for six years.

Stephen Meidam of Appleton is the new vice president, Rufus Poole the secretary and John Hagen, treasurer. Dr. Peter Schwarz of Pocatello, Idaho, spent a few days at the home of his parents, Mr. and Mrs. Peter Schwarz.

H. C. Gartin spent Thursday of last week in Milwaukee on business. Miss Alice Behrend, who is the daughter of the owner, spent Sunday at the home of her parents, Mr. and Mrs. Robert Behrend.

William Dohberstein, town treasurer of Hortonville, was at New London Saturday collecting taxes. W. Schroeder was in Milwaukee Thursday of last week on business.

Mrs. Fred Truax, Miss Ruth Gal, Mrs. Edward Fisher, Sr., and Mrs. Walter Watson spent Thursday of last week in Appleton.

EVENTS OF WEEK AT VILLAGE OF BEAR CREEK

Special to Post-Crescent.
Bear Creek.—J. J. Dempsey was a Clintonville caller Tuesday.

Miss Agnes Rohan of New London spent Saturday at her home in the village.

Mrs. Hubert Robman and daughter Evelyn returned from Appleton, Monday evening, where they spent a few days visiting relatives.

Miss Myrtle Mallett of Deer Creek, was a guest of Miss Celia McClone Friday evening.

George Gough of Sugar Bush, was a business caller in the village Tuesday.

Frank Mansfield spent Tuesday and Wednesday at Appleton.

Mr. and Mrs. Charles Balhazor of Maple Creek, were guests at the M. T. Nordor home Tuesday.

Miss Anna Maloney of Duluth, Minn., is visiting her cousin, Mrs. Thomas Gough this week.

Arnold Dahm of Sugar Bush, was a caller at the Frank Mansfield home Tuesday.

KAUKAUNA MEETS BRILLION IN CAGE GAME NEXT FRIDAY

Three Games On Sports Menu For Fans In Kaukauna Auditorium

Kaukauna.—One of the big basketball games of the year in intercollegiate circles will be played Friday evening at the auditorium when the local high school squad meets Berlin for the first time in history. Little is known of the Berlin outfit but it is easily classed in general practice with the squad and will have the team in the best possible condition for the fray.

The bill of the evening will again include a double-header with the high school girls' team furnishing the other half of the entertainment. The girls' team triumphed over Little Chute, 6 to 2, last Wednesday, will meet the Outagamie County Training school girls. The game is scheduled to begin at 7:45.

A preliminary will be staged at 7 o'clock between the sophomore and junior teams. The juniors trounced the freshmen by a big margin in last week's preliminary. If the sophomores succeed in beating the juniors, all three teams will be tied for first place in the inter-class tournament. On the other hand, a win for the juniors will give them an undisputed championship title for the tournament. Considerable interest has been aroused over the match.

MULFORDS BATTLE KIMBERLY QUINTET

Newly Organized Valley League In Turmoil Over Last Week's Forfeits

Kaukauna.—The Mulford Athletic club is scheduled to meet Kimberly Thursday night in the second game of the newly organized Valley Athletic league. Mulford started the race by winning from the Citizens' National bank team of Appleton in a game here last Friday and will attempt to keep near the top of the ladder.

The game at Kaukauna was the only one of the schedule played last week. Monasha failed to show up at Little Chute while Wrightstown was cheated out of a game when Green Bay failed to put in its appearance. Considerable interest had been stirred up at Wrightstown and a \$50 reward was turned down.

No statement has as yet been issued from the office of President Gerard S. Brenzel. It is understood that no explanations have been received from either of the teams. While he said nothing definite has been decided, President Brenzel made it plain that such a statement must be understood.

It is expected a meeting of league representatives will be called before the end of the week.

EXTEND PERIOD FOR TAXPAYING TO MARCH 1

Kaukauna.—Taxpayers were granted 30 days grace for tax payment at an adjourned meeting of the common council Tuesday evening in the council chambers. The final day on which taxes may be paid without the usual penalty was extended from Feb. 1 to March 1. H. Q. Wittmann, president of the council, presided at the meeting and rushed the passage of the resolution in short order. No other business was transacted.

KAUKAUNA ENTERS ONE TEAM IN STATE TOURNEY

Special to Post-Crescent.
Kaukauna.—Only one bowling team from Kaukauna has been entered into the state tournament now on at Janesville. The team, the Electric Citys, will go to Janesville Saturday and will roll in the five man events Saturday evening. Singles and doubles will be rolled Sunday morning. The team includes Frank Hilgenberg, Allen Peterson, Henry Minkbein, H. William Johnson and Paul A. Smith.

caller at New London Monday afternoon.

Miss Hazel Thelo spent the week end visiting the Mike Laux family at Clintonville.

Mrs. George Gough and baby of Sugar Bush, spent Wednesday afternoon with Mrs. Frank Mansfield.

James Thelo was a Clintonville caller Monday.

Mr. and Mrs. D. J. Flanagan are the parents of a son born Sunday, Jan. 20.

Donald Randall of Wausau was a caller in the village Tuesday.

A. Lorge returned from the hospital at Appleton Saturday evening and is convalescing.

Miss Loretta Young of Deer Creek was a guest at M. M. McClone's Friday evening.

Mrs. Anthony of Milwaukee, is spending some time with her daughter, Mrs. D. J. Flanagan. adv.

OSHKOSH PUCK TEAM INVADERS KAUKAUNA

Pick New Hockey Players Because of Casualties Last Sunday

Kaukauna.—The Electric City hockey team is scheduled to meet the Oshkosh squad on the local pond next Sunday afternoon in another game of the Valley league. Kaukauna lost to Appleton 6 to 2 last Sunday but played a much better game than at the beginning of the season. Before the close of the schedule the local management expects to place the Kaukauna aggregation among the best in the circuit.

It is quite probable that a few new faces will be seen in Sunday's lineup. Gordon Muirhead froze his right foot while playing at Appleton last Sunday and will be confined to his home the remainder of this week. The foot is badly swollen. It has been reported the Richard "Red" Smith of Combined Locks who also played with Kaukauna Sunday, is laid up with both extremities badly frozen.

The weatherman promises some what of a letup in cold weather by Sunday and it is expected a number of Kaukauna people will turn out to witness the sport.

FEW SEEK LODGING IN POLICE STATION

Kaukauna.—"The habitual 'roader' is passing out of existence," Chief of Police R. H. McCarty said Monday afternoon. "Even such cold weather as we have had these last few days has brought only two lodgers each night." There is usually at least one man here each night begging for a night's lodging in the jail, Mr. McCarty said. They are in most cases, however, men who have been thrown out of work and then were kicked out of the city when they had no money left. These "unfortunate lums" as they are called, seldom return the second time as they did in the years gone by.

Mr. McCarty said that the same knights of the road returned every fall as regularly as the cold weather itself. They come in groups of four or five or more. The greatest year for road lums was in 1914 when more than 1,200 received lodging in the old bastille across the street from the present station.

KAUKAUNA PERSONALS

Kaukauna.—Dr. C. J. Estes returned Monday evening from a week's visit with his mother in Harrisburg, Ill.

Mr. and Mrs. John Vankleisdonk spent Sunday visiting relatives in De Pere.

Miss Betty Boise is spending a vacation at Sturgeon Bay.

MEASLES PREVALENT IN TOWN OF CICERO

Cicero.—Several families here are sick with measles, and the disease appears to be spreading. Many children are out of school as a result. The cases seem to be light, however.

P. G. Sherman of Appleton, spent a few days with his brother, Wellington Sherman.

Robert Kuller was a caller in Seymour Friday.

A few friends and relatives spent Thursday at the Richard Dunkleman home celebrating Mrs. Dunkleman's birthday anniversary.

William Marcello of Brantford called on relatives here Wednesday.

Mrs. Laura Rhode was a caller in Seymour Friday.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because so much acid irritates the delicate lining of the stomach, often leading to gastric ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and heat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia in powder or tablet form—never liquid or milk—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. adv.

Hot Lunches Are Cooked By Cicero Pupils

Special to Post-Crescent.
Cicero.—The pupils of Sunny Valley school, district No. 2, Cicero, are enjoying daily hot lunches. A group of boys and girls alternates in the preparation of the lunches under the supervision of the teacher, Miss Kate H. Hubelz. The menus include hot soup with rice, hot cream, vegetable soup, hot chocolate pudding, vegetable soup and creamed potatoes. The menus are generous in providing the materials for cooking.

The pupils and to them of the school are extending an invitation to visitors, parents especially. Party stations have been at the school thus far.

The girls' sewing class has finished constructing the new curtains for the windows and also has completed a card for the new piano. They are now working on aprons. There are in the class are Harold Wussow, Anna Winslow, Mabel Jeske, Lucille Witham, Mildred Burke, Alice Schroeder, Esther Thomas, Clara Winters, Esther Roloff and Helen Jeske.

The Language classes have completed a large poster showing various uses of Eskimo life.

Check the Days You Should Remember in 1924

Do you always remember your wife's birthday? Likewise that of your mother-in-law, your aunt, and your grandmother? The day your income tax return is due? The day you ought to have your car greased? And the many other days in the dim future when there is something important to be done if you can only think of it at the time?

If you have any difficulty in remembering these future days, get a calendar and mark them. Hang the calendar where you can see it. And in order that it may be a pleasure as well as a utility, let it be the FREE Navy Calendar which you can get from our Washington Information Bureau.

Fill out the coupon below, enclosing two cents in stamps for return postage. Write your name and address clearly.

Frederic J. Haskin, Director, The Appleton Post-Crescent, Information Bureau, Washington, D. C. I enclose herewith two cents in stamps for return postage on a free copy of THE 1924 CALENDAR.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 50c. adv.

NICHOLS YOUNG PEOPLE AT LEAP YEAR PARTY

Special to Post-Crescent.
Nichols.—A solid block of young people attended the leap year party at the home of Robert Carpenter, Leona Nichols, on Friday evening. Games were played.

A party was given on Saturday evening in honor of Miss Leola Mansfield of Appleton, who spent the weekend at the home of her parents, Mr. and Mrs. N. P. Mansfield. A lunch was served and the guests were entertained at dancing.

Mr. and Mrs. Nick Larsen left for Green Bay to attend the funeral of Mrs. Larsen's brother-in-law.

Mrs. A. Yande Walle returned from Appleton Saturday, after spending several days there.

Mrs. Ray Mansfield and young son of Appleton, spent Sunday here with her parents, Mr. and Mrs. L. Tackman.

Edward Beck and George Mielke left Monday for Argonne, where they will be employed in the Berglund lumber camp.

A farewell party will be given on Wednesday evening in honor of Mr. and Mrs. William Shauger and son Clayton, who are moving to Appleton. James Henry left Monday for Chicago. Anthony McClone of Deer Creek called on friends here Friday.

\$99,728 WORTH OF U. S. SAVING NOTES SOLD IN APPLETON

Treasury Officials Gratified By Showing Here—Good Start For 1924

Sales of United States treasury saving certificates last year amounted to \$99,728.50 in Appleton, according to figures quoted by Postmaster William H. Zuehlke. This was falling short of the \$100,000 goal by only \$271.50, a result very gratifying to postoffice and treasury department officials. Appleton not only led all other cities of its class in Wisconsin, but led all cities of classes above it outside of Milwaukee and possibly Chicago.

January of the new year is already setting a record; sales the first three weeks amounted to about \$30,000, or nearly one-third of that sold last year. One reason for this increase is the higher rate of interest savings certificates, which now yield 4 1/2 per cent instead of 3 1/2 per cent.

MILLION INVENTORS

Sales of certificates in the country at large last year amounted to over \$22,000,000 of maturity value, according to a statement received by Postmaster Zuehlke from the United States treasury department. These securities were sold to over 1,000,000 small investors, many of whom bought one or more certificates every month of the year. No person was allowed to purchase more than \$5,000 worth during 1923.

While a large number of these securities were sold by banks and trust companies, the great bulk of sales was made through local post-offices which act as agencies. The new issue of these "Baby Bonds" permits sale of certificates at \$20 to \$500, maturing in five years at \$25 to \$1,000. The investment has several tax-exemption features.

ON THE SCREEN

NORMA TALMADGE AS JO MOWBRAY IN "THE PROBATION WIFE" IS A VITAL AND LIVING FORCE UPON THE SCREEN

A picture with a plot, characters who live, a star who is the best that can be had, excellent photography and splendid direction—all make up Norma Talmadge's picture "The Probation Wife," in which she is presented by Joseph M. Schenck.

The story is about a girl who, after having spent most of her life in a fast cafe and two years in a reformatory, offers herself to a wealthy New Yorker in exchange for clothes and the luxuries of life. Much to her surprise, he marries her. She calls herself "The Probation Wife." The term of probation does not last long when love enters their life.

"The Probation Wife" is the kind of a picture that will appeal to all classes. It is a human story about a very human girl. Norma Talmadge is given an opportunity in this picture to display that originality and versatility for which she has become famous. She gives Jo Mowbray three distinct characterizations. We see her as an inmate of a careerist drive, then in a reformatory, and lastly as the wife of a wealthy New Yorker. Miss Talmadge plainly shows you the growth of the heart and soul of the girl who did not have a fair chance.

The "Probation Wife" is by far the best picture that Norma Talmadge has yet done. It can be seen today and Thursday at the New Bijou theatre.

FILM STORY STARTS BIG DISCUSSION

With Frank Lloyd's production of "Black Oxen," First National Pictures enthusiastically received by crowded houses at the Elite theatre upon the occasion of its local premier in Appleton. Local townsfolk are today engaging in active discussion of the theme of the unusual play-refutation.

The story of the 58 year old Madame Zatlany, who underwent a scandalous treatment and returned to American looking 20 to the surprise of her friends, and of the romance which developed when the cynical newspaperman, Leo Clavering, saw in the rejuvenated woman his ideal, has been exceptionally well produced by the veteran director Frank Lloyd. The Atherton novel, fascinatingly written but very difficult to visualize, has been greatly enhanced by the filming and those who interpret the many important characters of the play deserve high praise for the spirit of reality which prevails throughout every scene.

Cordina Griffith, as Madame Zatlany, and Conway Tearle carry off the first honors with their splendid interpretations and Clara Bow, gives them a close race for the approval of the audience by virtue of the flapper character she portrays, and her own vivacious personality. Thomas Tickets, as Dinwiddie, does a fine bit of character work in the part of Dinwiddie and Alan Hale as the aristocratic Prince Hohenhausen plays his part well. Kate Lester, Claire McDowell, Thomas Cluse, Clarissa Selwynne, Lincoln Steedman, and others of the large supporting cast prove capable accessories to the film version. The settings are in an artistic triumph, the direction is flawless and the photography merits commendation.

"Black Oxen" is one of those dramas which one feels anxious to see more than once. Mr. Lloyd, First National Pictures, and the management of the Elite theatre are to be congratulated. "Black Oxen" will close its engagement tonight, and our tip to you, is to be sure and see it.

Movie, Congo, Church, Feb. 5.

Peace Plan Ballot

FOLLOWING is the ballot through which citizens are asked to express their approval or disapproval of the Bok peace plan. Stripped of details, it seems to propose that America enter the world court and cooperate with the League of Nations as a non-member nation, its representatives for that purpose lacking authority to bind the United States without act of congress. The Appleton Post-Crescent invites, in addition to the balloting, the fullest discussion of the plan as a good means of stimulating interest in relation to the world's greatest problem. What do YOU say?

THE PLAN IN BRIEF

Proposes

1. That the United States shall immediately enter the Permanent Court of International Justice, under the conditions stated by Secretary Hughes and President Harding in February, 1923.
2. That without becoming a member of the League of Nations as at present constituted, the United States shall offer to extend its present cooperation with the League and participate in the work of the League as a body of mutual counsel under conditions which
3. Substitutes moral force and public opinion for the military and economic force originally implied in Article XX and XXV.
4. Safeguards the Monroe Doctrine.
5. Accepts the fact that the United States will assume no obligations under the Treaty of Versailles except by Act of Congress.
6. Propose that membership in the League should be opened to all nations.
7. Provide for the continuing development of international law.

Do you approve the winning plan in substance?

YES ☐ NO ☐

10—WEZ 337. Springfield, Mass.

FIRST LOVE RETURNS; BRIDE GOES TO COURT

Kenosha—Because she could not forget her old sweetheart, Mrs. Lucille Lee, a bride of a few months, was in municipal court Tuesday on charges preferred by her husband.

Thomas Coate, Platteville, who was said to be a former sweetheart of the wife, came to this city some time ago and was a caller at the Lee home many times at the invitation of Mrs. Lee, the husband declared. Mr. Lee declared he had ordered Coate out of the house repeatedly but the calls continued.

When confronted with a confession which Mrs. Lee was alleged to have made to her husband, Coate pleaded guilty to a statutory charge and Judge John C. Slater took the case under advisement.

Charges against the wife were dismissed but she was instructed to report to the court from time to time.

Simple Colds indicate a need of SCOTT'S EMULSION to build resistance

IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweats

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. adv.

PASTOR DELIGHTS IN OUTDOOR LIFE

Rouse's Lecture Will Tell Of Great Scenes He Has Visited In Travels

Months spent entirely in the outdoors have given the Rev. Frederick T. Rouse of Worcester, Mass., the material for the illustrated lecture on "The Great Northwest," which he will deliver at 7:30 Friday evening at the First Congregational church under the auspices of the Christian Endeavor society. He comes here not only to speak but to meet the friends of his Appleton pastorate from 1899 to 1907.

The Rev. Mr. Rouse always found delight in life in the open. He has cruised over a considerable portion of the west, including the great national parks, and has had his camera handy whenever some scene struck his fancy. He has selected the most choice of his views for use on the screen. For years he has taken long hikes, made long canoe trips and rode for miles on horseback satisfying his craving to enjoy nature.

With this picturesque background for his lecture and the brilliant and humor he possesses as a speaker it is expected that a fascinating hour will be spent by those who attend the gathering Friday.

Plans are being made by the church to hold a reception in his honor at which his many acquaintances may greet him. He is scheduled to arrive in Appleton Thursday and if so will be guest at the church night supper and will be presented at an informal social afterward. He preached in Toledo, Ohio, last Sunday and is to preach in Madison next Sunday. He is in the west to attend a Congregational convention.

BADGER LICENSE PLATES WILL WEIGH 225 TONS

Gather in one pile all the automobile license plates issued in Wisconsin during 1923, and there will be a mass of metal weighing in excess of 225 tons.

Figures available at the highway office here show that during 1923, an average of 3,680 licenses were issued from the State Secretary Fred Zimmerman's office every day. This means that 240 licenses were issued every hour, on an average, four every minute, and one every 15 seconds.

MEMORINEE WILL HAVE 40-PIECE SCHOOL BAND

Memorinee, Mich.—The Memorinee high school is to have a band of 40 pieces. Rehearsals will begin as soon as the instruments arrive from the factory at Elkhor, Wis. The Memorinee Rotary club donated \$1,000, and additional money needed for instruments and uniforms will be authorized by the board of education. W. C. Walstead, Eagle River, Wis., has been engaged as bandmaster. A list of more than 60 candidates are awaiting try-outs.

LIONS BOOSTING WELSH CONCERT

Appleton Lions are making a strenuous effort to dispose of at least 1,000 tickets to the concert by the Rhonda chorus of Welsh singers in Lawrence Memorial chapel on Monday evening, Feb. 4. If there are any profits from the concert they will go into the fund to purchase band instruments for senior and junior high school pupils.

The choral quality of the Welsh singers has been praised by critics in many cities. The critics for the Wilkesbarre, Pa., Times-Leader, had the following to say:

"The voices were as fresh and blendable as when they first landed and they showed no wear or rack of prolonged and continuous singing and traveling."

The most admirable thing, however, was that of the tone quality, and the

Beauty A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and put see how healthy and youthful your hair becomes. adv.

generous moments when the voices used temperately, and with the middle stress, sent through the house dulcet chording of a quality to thrill the listener. Certain of the revered melodies such as Land of My Fathers were productive of the hearty co-operation of chorus and audience. To hear this sung by a large company, as we have often heard it in this valley, is always a privilege, and it has often had its profound effect of patriotic emotion.

The writer would say after hearing certain of the effects produced with such ease and fluency, and after noting the character of the voices of this panoply of fourteen, that we have not had anything better in real quality from any group of visiting singers out of Wales.—Wilkesbarre, Pa., Times Leader.

NEGLIGENCE IS BLAMED FOR MOST OF RECENT FIRES

Chief McGilgan Of Fire Department Again Urges Caution In Homes

An increasing number of fires due to defective chimneys and neglect of heating plants has induced Chief George D. McGilgan of the Appleton fire department to speak a word of caution, which if followed may save property owners a little money, he says.

A number of fires result from chimneys that were originally built for stoves and now are used in connection with furnaces. Chimneys built many years ago now would not measure up to the test of safety standards and would not receive the endorsement of fire inspectors and fire insurance underwriters.

The old-fashioned chimneys in the first place, usually are too light. Furnaces exact a greater load and frequently result in soot fires or become overheated and ignite the woodwork.

CLEAR OF WOODWORK

Coal stove heat, on the other hand, is never so intense, he said. Pipes of coal stoves connect with the chimney on the first floor, instead of the basement, and usually are clear of woodwork.

Where the smoke enters the chimney in basements, greater hazards exist, especially if joists or other woodwork are in contact with the chimney. Chimneys should be reinforced and have a clearance of woodwork on the first floor at least, he said.

An antiquated chimney when put to use in a furnace should first be inspected for safety, and the judgment of some capable person should be passed on it.

Careless habits have of late resulted in a number of preventable fires in Appleton, Chief McGilgan said. A wooden baseboard was used to cover a smoke hole in the chimney, on an upper floor. A lining of sawdust and boards enclosed a chimney. Pieces of wood were put to dry on top of a hot air furnace. Rubbish and firewood was left in contact with a chimney in the basement. At the Richmond school a joist became ignited from an overheated and cracked chimney. In other buildings boards have been used to block up the cleaning hole of a chimney in the basement. In some homes even bags were used to stop up a cleaning hole.

GRADE HOLSTEIN MORE THAN PAYS HER BOARD

A high grade Holstein cow owned by Joseph Pierre, produced 1,229 pounds of milk with a test of 3.5 per cent during the month of December. This is equivalent 60.25 pounds of butter fat. The cow was fed only silage and hay twice a day. She was milked twice a day. A. C. Wirth, proprietor of the East Greenville cheese factory tested the milk.

NEW ASSESSOR IN CHARGE OF OFFICE

Leo Toonen Installed As Incoming Assessor For Two Counties

The office of assessor of incomes and supervisor of assessments for Waupaca and Outagamie counties again had a head this week when Leo Toonen, newly appointed, assumed charge. He formerly was accountant for the George Walters Brewing company.

The Appleton office had been vacant since the resignation on Jan. 1, 1923 of John A. Lonsdorf, now district attorney. The vacancy was filled temporarily by Anton Oppgaard, acting assessor of incomes, who now has charge of the office at Wausau.

Income tax blanks for taxpayers of the two counties have not yet arrived according to Mr. Toonen. But those who paid incomes tax last year will have blanks mailed to them as soon as possible after they arrive from Madison. An announcement will be made later when the blanks are being mailed. Several days after the mailing should be allowed before inquiry is made by those who fail to receive a blank. The delay in the receipt of income tax blanks is caused by the changes in many of the income tax offices and the resulting change in the printing of stationery.

Your Pain May Be Neuritis

Many sufferers who are treating for rheumatism, neuralgia, lumbago or sciatica are really afflicted with neuritis. This disease of the nerves causes pains, aches and soreness in different parts of the body, just like the ailments mentioned above.

The most common sources of neuritis are colds, injuries, bruises, infectious diseases or a rundown nervous system. Long-standing cases of rheumatism or sciatica frequently attack the nerves, setting up inflammation and producing "neuritis." No matter what its origin, neuritis is always accompanied by sharp, piercing pain, usually in the shoulder, forearm, neck, thigh, leg or back.

Don't bother with medicines that relieve for today only. Assist Nature to remove the causes of inflammation and pain by taking Epsom Salts. Tablets—a scientific treatment that has often brought lasting relief after other methods failed. Price \$1.00. Sold in Appleton by Voigt's Drug Store and all other leading druggists. Boericke & Runyon Co., Mfrs. San Francisco, adv.

GREAT CHORUS OF 140 VOICES SINGS AT PEOPLES FORUM

Schola Cantorium Of Lawrence College Sings In Chapel Sunday Evening

A rare treat will be offered to patrons of the Peoples forum on Sunday evening when they will be given a program by the Schola Cantorium of Lawrence Conservatory of Music, a chorus of 140 mixed voices which have been selected as the best in the college and conservatory. The Men's Glee club of 60 voices will give two numbers on the program and the soloists will include George Mechilson, baritone; Lucile Muesel, soprano; and Marion Hutchinson, soprano. Irma Sherman and LaValin Maesch will be the accompanists.

The program will include part songs selected from the classical and modern groups of religious songs. There will be one modern patriotic number.

Under the direction of Carl J. Waterman, dean of the Lawrence conservatory this chorus has been trained until it is one of the finest of its kind. The program which is

NE CHBORS COMMEND APPLETON BECAUSE STREETS ARE OPEN

Condition of Appleton's streets in the winter has evoked considerable commendation from residents of nearby cities who come through here. An article which appeared recently in the Green Bay Press-Gazette praised the work of the Appleton street department which has kept all the residents' streets practically clear of snow. "After each storm, snow plows have been used to clear the streets from curb to curb and automobiles move without difficulty in any part of the city," the article stated.

being offered as a forum number is an outstanding musical event of the year.

It is expected that the musical program will attract a large audience on Sunday evening. The work of Lawrence choruses of various kinds has always proved a great attraction and the Schola Cantorium of Appleton have had an opportunity to hear.

PATENT REQUESTS SHOW AUTOMOBILE FAR FROM PERFECT

Patent Office Swamped With
Applications For Patents
On Auto Parts

Washington—Despite the progress in design and manufacture of automobiles, despite the fast approach to perfection, thousands of "improvements," more or less significant, are still awaiting adoption.

The U. S. Patent Office here is swamped with applications for patents on automotive parts and accessories. Thousands are awaiting attention. Many are seeking capital for their production and many others are being held out for proper marketing.

A glance over a day's list of patent applications shows what inventors think is still wrong with the automobile today. For instance, in one day, Patent Office officials list applications for the following improvements and innovations:

Auto theft signal, bumper, device for attaching bumper, curtain holder drive gear, elevating jack, foot scraper, running board, signal lock, securing device for tops, traffic signal, dust shield and collector, lubricating system, removable body and resilient guard.

Anti-theft devices are still pouring in, all different enough for a patent to be granted each. Likewise, various kinds of bumpers, safety devices, traffic signals and other accessories are introduced almost daily for patent rights.

At the same time, manufacturers and automotive engineers are applying regularly for patents on improvements on their own engines and other vital parts. Nearly every day, officials report new designs come in for improved riding. Tire and body manufacturers are included in this array of patent seekers.

Outside the automobile proper, there are researches into the fuel problem, with discoveries every now and then of new substitutes for gasoline or some new way to use auto fuel more economically. Various forms of highway construction, to produce easier and more economical riding, are also undergoing experiment. New lines to reduce wind resistance, and improve the appearance of the automobile, are offered for official approval by the Patent Office.

U. S. HELPS MUENCH TO GOOD POSITION

Veteran Of Co. A, Formerly Of
Appleton, Now Employed
In Oshkosh

Results of a course in vocational training under the direction of the United States Veterans bureau is seen in the experience of Karl W. Muench of Oshkosh, formerly of Appleton who saw service "on the other side" in the 150th machine gun battalion, to which Company A of Appleton was attached.

Muench was among those who were carried off the battle field—the victim of war disabilities. He was carried off twice as the result of being gassed. In addition he had injured a leg.

After his discharge, Muench suffered from his disabilities. He was, therefore, incapacitated to such an extent that he was unable to resume his pre-war occupation of lineman. He applied to the Veterans bureau for vocational training and was given a course in higher accountancy which he successfully finished.

As the result of his training and his determination to make good, Muench is an accountant and office manager at the Rountree Manufacturing company of Oshkosh. His present wage is three times more than that which he made before entering the service.

Two Pass Exams

Two Appleton men were among the successful applicants for registered assistant pharmacist certificates granted last week by the state board of pharmacy. The men, August V. Heberg and Julius E. Kleinschmidt, fifty-three of 80 applicants received certificates.

City, County And State Offices Will Be Filled By Election In April

Voters Will Have Opportunity To
Express Presidential Prefer-
ences At Annual Spring
Election

The spring election which will take place this year on April 1 will be an important one, for it will be national, state, county and local in scope.

This being the presidential election year, candidates for that office will be endorsed, and delegates to national party conventions will be elected. A judge of the state supreme court is to be elected. Terms of all county supervisors expire this year, and six are to be elected in Appleton. In the city itself a mayor, treasurer, attorney, assessor and six aldermen are to be voted upon. An amendment to the state constitution also will be voted upon.

The spring election will be followed in September by the general election primaries and in November by the state, congressional and presidential elections. Preceding the election on the first Tuesday in April will be the municipal primary election, which will be held two weeks earlier, or on March 18.

NEW VOTERS REGISTER

There will be no special registration day for voters. Newcomers and citizens who have attained majority since the last election will be given an opportunity to register on primary election day, each primary election being in itself by law also a registration day.

Filing of nomination papers for municipal offices will start in February, since the last day for filing is set at 15 days before the primary election, or on March 2. The papers of any candidate must contain as many names of electors as are equal to 2 per cent of the votes cast for the successful candidate at the preceding election. Mayor and aldermen after qualifying assume office on the third Tuesday in April, or April 15.

COUNTY UNITS ELECT

Mayoral and aldermanic elections also will be held in other cities of Outagamie co. Villages will elect a president, clerk, treasurer, assessor, supervisor, constable and justice of the peace, besides members of the board of trustees. The last mentioned hold office for two years, all other village officers but one year. Towns will elect three town supervisors, one of whom will act as town chairman and county supervisor, a clerk, treasurer, assessor and justice of the peace, all terms being for one year.

In Appleton candidates for mayor will be voted upon to choose a successor to Mayor Henry Renter, whose term will expire next April. Terms of six aldermen also expire, the six who were elected last spring holding over for another year. Aldermen will be elected for two-year terms to succeed J. A. Wood for the First ward, C. D. Thompson of the Second ward, George T. Richard of the Third ward, Jerry Callahan of the Fourth ward, Wenzel Hassmann of the Fifth ward and Walter Schultz of the Sixth ward.

Other city officers for which candidates may be nominated are those of city attorney, city assessor and city treasurer. The incumbents are Theodore Berg, attorney, A. C. Rule, assessor, and Fred Buchman, treasurer. Their terms are for two years each. All other city officers are appointed annually by the new city council in April.

NEW SUPERVISORS

Offices of county supervisors become vacant throughout the county this spring. Appleton supervisors are now finishing three-year terms. Since their election, however, the state law has been changed so that supervisors will hereafter be elected every year. Their compensation also has been increased from \$4 to \$5 a day.

Appleton's supervisors are E. J. Jurewood, First ward; P. H. Ryan, Second ward; Joseph Bayer, Third ward; John Tracy, Fourth ward; Peter Rademacher, Fifth ward; Louis Jons, Sixth ward.

The chairman of a town is by virtue of his office a county supervisor, and in some villages the offices of village president and county supervisor have been combined.

Only one state officer will be voted upon in the April election. It is that of a justice of the state supreme

court, the expiring term being that of Christian Doerflinger of Oshkosh.

VOTE ON SALARIES

Although the last state legislature voted to submit four constitutional amendments to the people, only one of them will be voted upon in the spring election. It is that of raising the compensation of legislators from \$500 a year and 10 cents a mile for mileage to \$750 a year with mileage.

Two delegates to party conventions will be elected from each political party in this Ninth congressional district. Four delegates-at-large were

ROTARIANS ARE SHOWING INTEREST IN CONVENTION

Replies to the second of the series of letters being sent to Rotarians in this district urging them to come to Appleton to the convention on April 29 and 30 show that there is considerable interest in the big meeting. Although there are three months intervening, tentative reservations are being made by many Rotarians from all parts of the state and the upper peninsula of Michigan.

scheduled for election in this state, but under a ruling of Attorney General Herman L. Eken, seven delegates-at-large from Wisconsin to the Republican national convention will be elected on the regular ballot forms for the spring election. This is the result of an increased allotment to the state by the Republican national committee.

ROUTE 15 CLOSED; LAKE ROAD OPEN

The Lake Shore road between Neenah and Oshkosh, rather than state trunk highway 15 between the two cities will be kept open this winter, it was decided definitely by the highway

committee of Winnebago co last week.

It is planned to keep the road open during the cold weather and until just about the time the roads break up in the spring. Then state highway 15 will be thoroughly cleaned to save the other from being rutted.

One reason for keeping the Lake Shore road open is to make it possible for the fire departments to reach the country home, the asylum and the sanatorium. The county road is said to be two miles shorter than the state highway.

APPRENTICES ATTEND TECHNOLOGY INSTITUTE

Pittsburg—Young men working as apprentices in the steel industry to

the number of 65 have begun a four year course of training at the Carnegie Institute of Technology. The employers will pay them their regular wages while they attend school, which is one day a week.

THE COFFEE OF UNUSUAL GOODNESS

George J. Thust, Steel Tube Manufacturer

By reason of his past and pending accomplishments, the figure of George J. Thust is of interest and significance to any persons contemplating part ownership in the Seamless Tube Company of Wisconsin and particularly to citizens of Appleton.

Engrossed for thirty years in seamless tube manufacturing operations of large magnitude, his name has been almost unknown to the general public because his line of work naturally submerged his personal identity.

Within the seamless tube industry he is widely respected and is known as one of its prominent figures; and in view of important announcements shortly to be made, it is now desirable that this knowledge be extended to those interested in this new enterprise.

An authoritative estimate of Mr. Thust's record and abilities as a seamless tube manufacturer will be published in these columns.

LETTER FROM LESLIE PRES-COTT TO LESLIE PRES-COTT, CARE OF THE SECRET DRAWER. (CONTINUED)

After Ruth left me I rather began to wonder why she had told me so much of her life. You and I, little Marquise, know that women seldom confess to other women that their husbands are what men call dishonorable. There is another definition for them when men mistake women.

Ruth made it very plain by her illustrations. The Seventh and Eighth Commandments. A man treats the breaking of the Seventh Commandment as a joke. To the woman it always spells tragedy.

A woman hates to confess that her husband is something disreputable in the eyes of other men. Because I was a woman I knew how hard it would be for Ruth to say this about her husband and I knew that she had some peculiar motive in doing so.

All at once what Jack had told me after returning from the visit to New York with Harry Ellington came to my mind. "I am sure on the rim of the world," he had said, and how he had alternately been in the high and low of spirits ever since.

"Jack is dabbling in stocks," I said to myself, and that is why he wanted the baby's five hundred dollars. He is doing this through Harry Ellington and Ruth, poor girl has "swal lowed her pride to tell me. She cares enough for me to warn Jack through me."

I could hardly wait until Jack came home to ask him about it and when I did he answered gruffly. "Who's been telling you anything? But you know dear if Mr. Ell lock finds out that you have been buying stocks on a margin I am almost sure he will discharge you."

"No he won't Leslie while I am turning in as much business as I am now."

"It doesn't seem to be doing us any good Jack. I wonder if you know that it is more than a month and a half since you have given me one cent of money."

"If you will wait a week or two you will have all the money you want. Besides, I knew you had money."

"But Jack, I spent the last of that thousand dollars over a week ago and today both the grocery bill and the rent are due."

"I really can't understand where that thousand dollars went to Leslie."

"A great deal of it" paid my hospital bills. "Well the grocer and the landlord will have to wait. I will not have a cent until I am paid next Thursday."

"I didn't say anything. My heart was too full. I knew what Ruth had intimated was true. That is where Jack's commissions have gone. What could I do? I always women's noses only to watch and wait." (Copyright 1923 NEA Service Inc.)

Adventures Of The Twins

Will O' The Wisp

Good evening my dears.

The Twins looked around but could see nobody. The voice seemed to come from the pond in front of them. But nothing appeared out a dim light, which glowed above the water.

"Good evening," said Nancy. "But we can't see anybody. Where are you and who are you?"

"Guess," said the voice. At the same time the light came nearer.

Suddenly a thought popped into Nick's head. It was a story he had heard about a little boy called Peter Pan who went to a place called Never-Never Land and met a fairy who wasn't anything but a spot of light.

"Are you Tinker Bell the fairy?" he cried. Are you Peter Pan's fairy?"

"No, not that either," came the voice. "I'll tell you who I am. I'm called Will O' the Wisp. I live in Dixie Land but I never stay in the same place long. I move around from place to place in a boat and I always carry a lantern. I'm sort of a night policeman because I see that all the water folk are safe. Can you see me now?"

Very slowly they appeared to the Twins' astonished eyes, an odd little man in a queer little boat.

"Most people cannot see me," he nodded, "but I was sure you could because you have magic along. But you must never try to come any nearer to me than you are now or I will disappear. I always keep a certain distance away from mortals. Another thing. Dixie Land is not good for my health. I must live where there is water, and so I stay on ponds and swamps and marshes in my boat."

"You are different from other fairies," said Nancy. "We know ever so many and none of them are like you."

"Will O' the Wisp chuckled silently. "That's the best compliment I've had since my seven hundredth birthday," he declared. "And I'm a thousand years old. Fairies all like to be different. If they weren't they wouldn't be fairies. Well, that's enough about me kiddies. Who are you, and what are you doing in Dixie Land?"

The Twins told how they had

Unusual People

BUILDS FORTUNE ON PEANUT
Sacramento, Calif. — Upon the humble peanut and the equally "popcorn flake" John R. Hunt of this city has built—

Five residences, several good business properties and a comfortable, luxurious suburban lot.

All Hunt had in 1877 was a peanuty wagon. He had been ordered by his physician to do outside work only, and decided on vending "slowly, very slowly" he added to his wares.

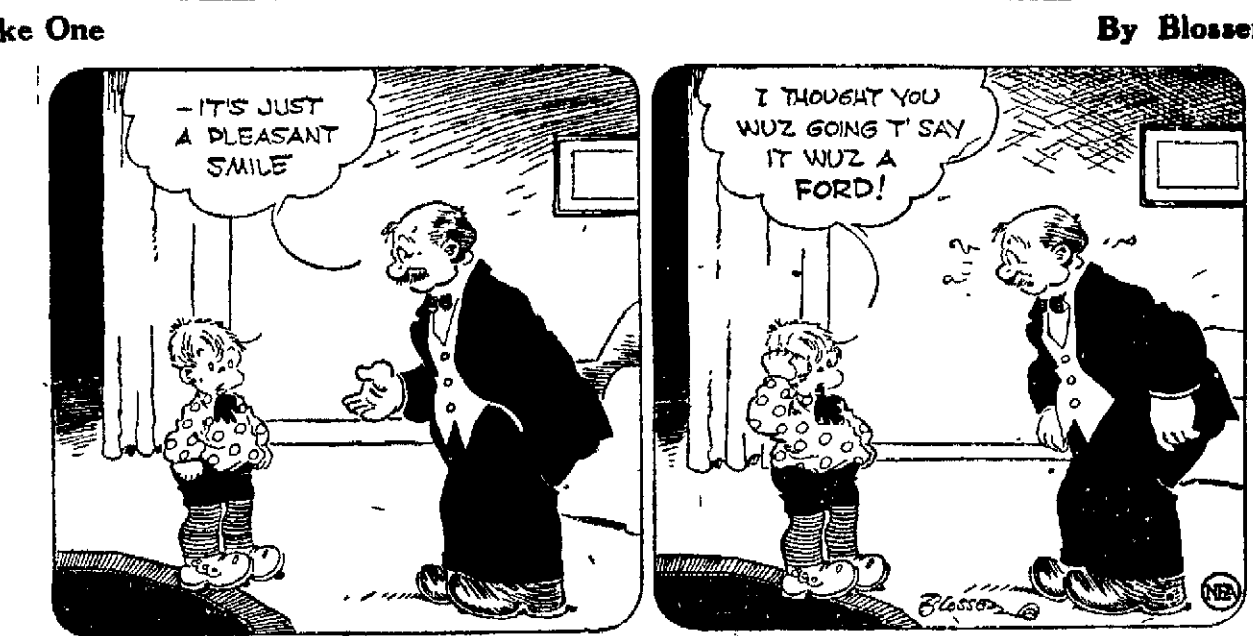

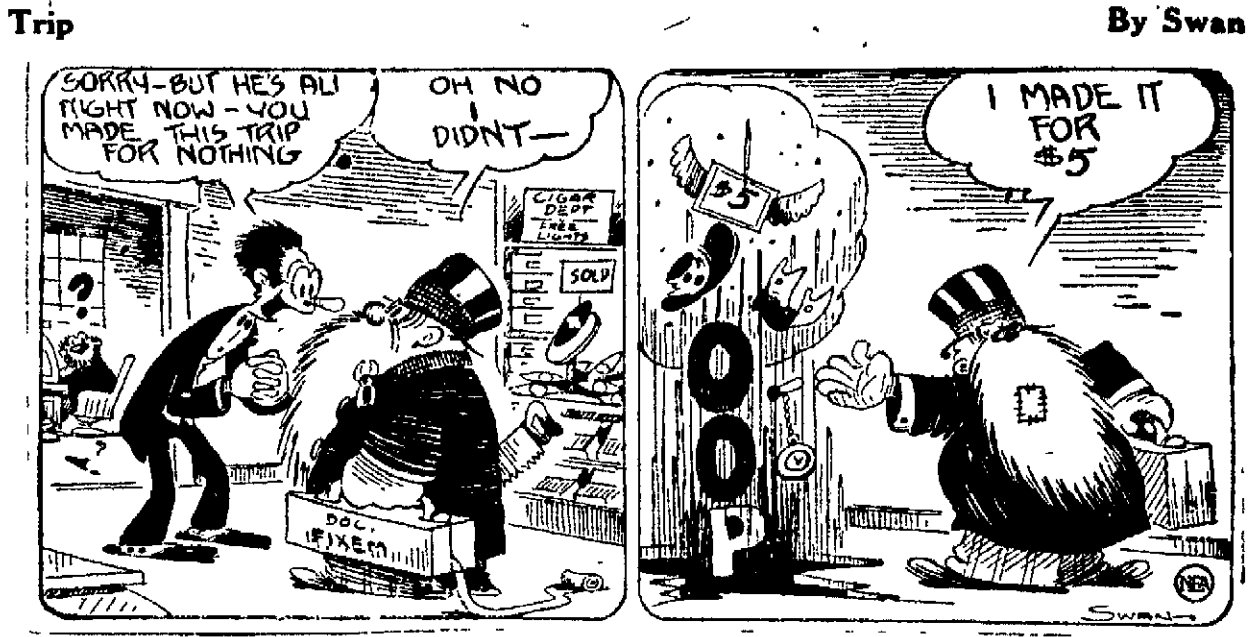

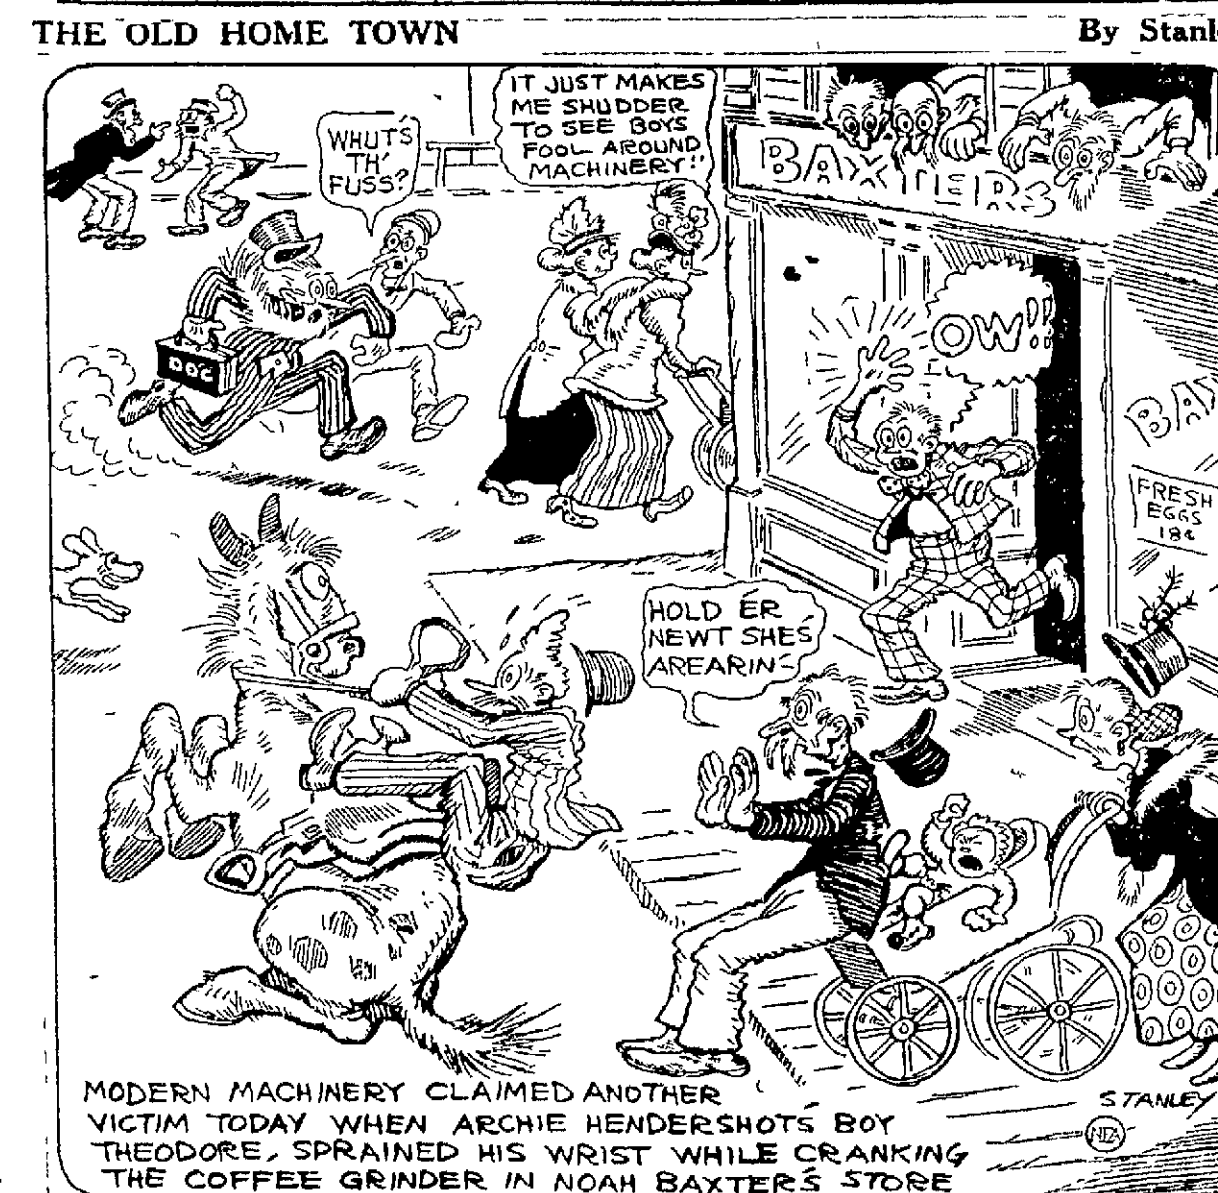

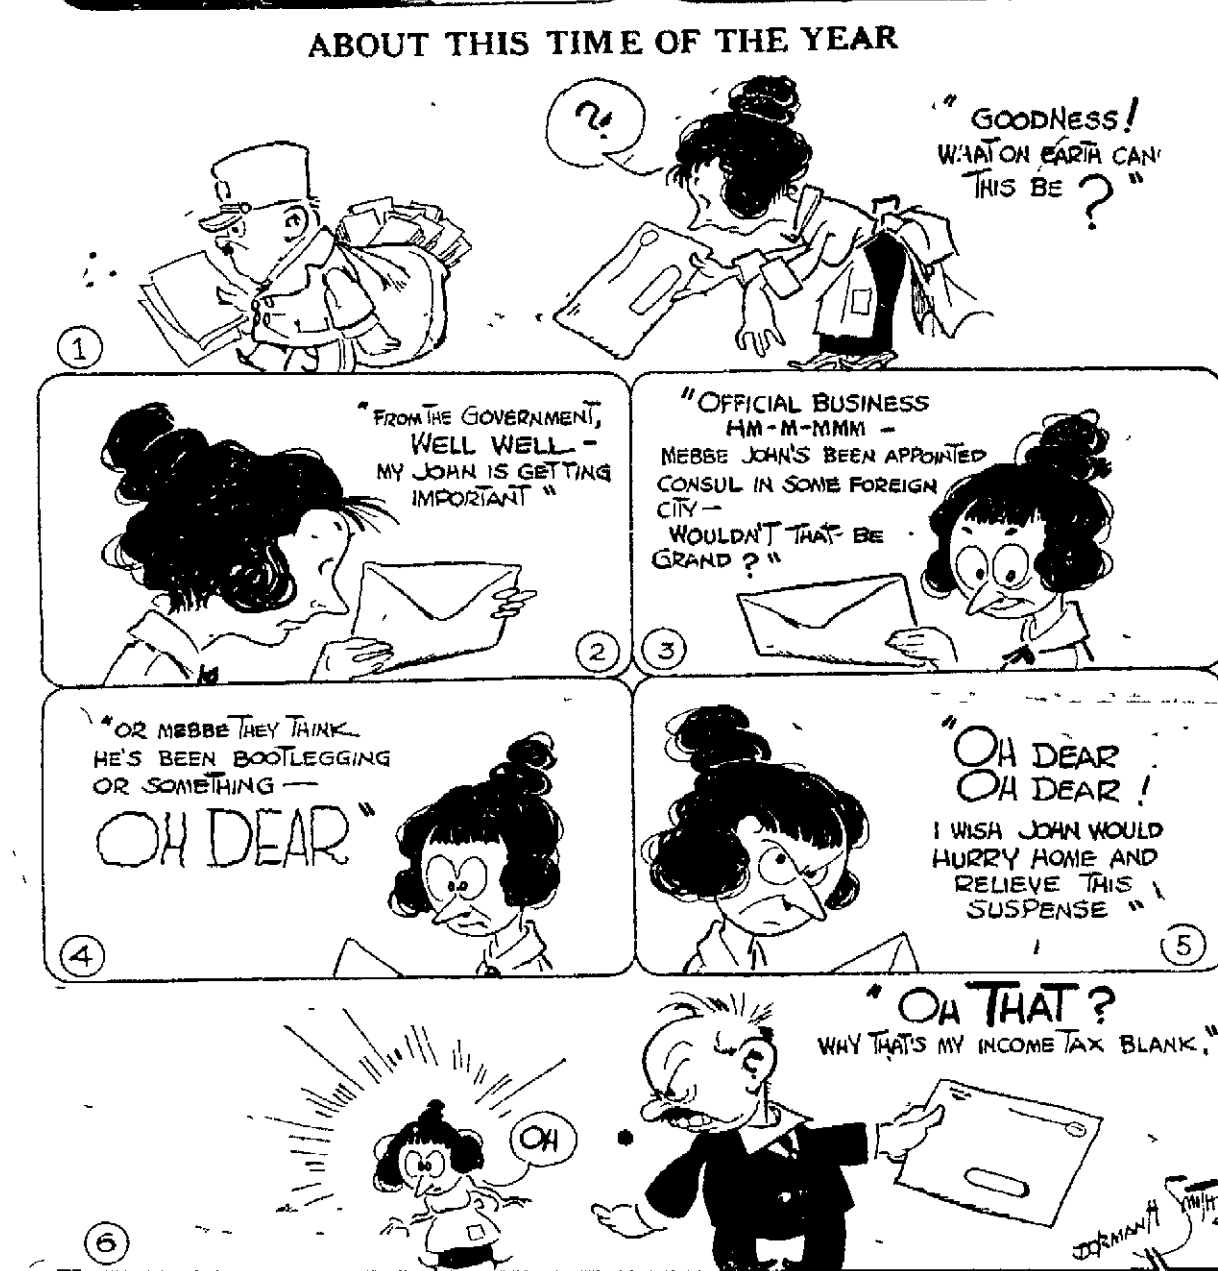

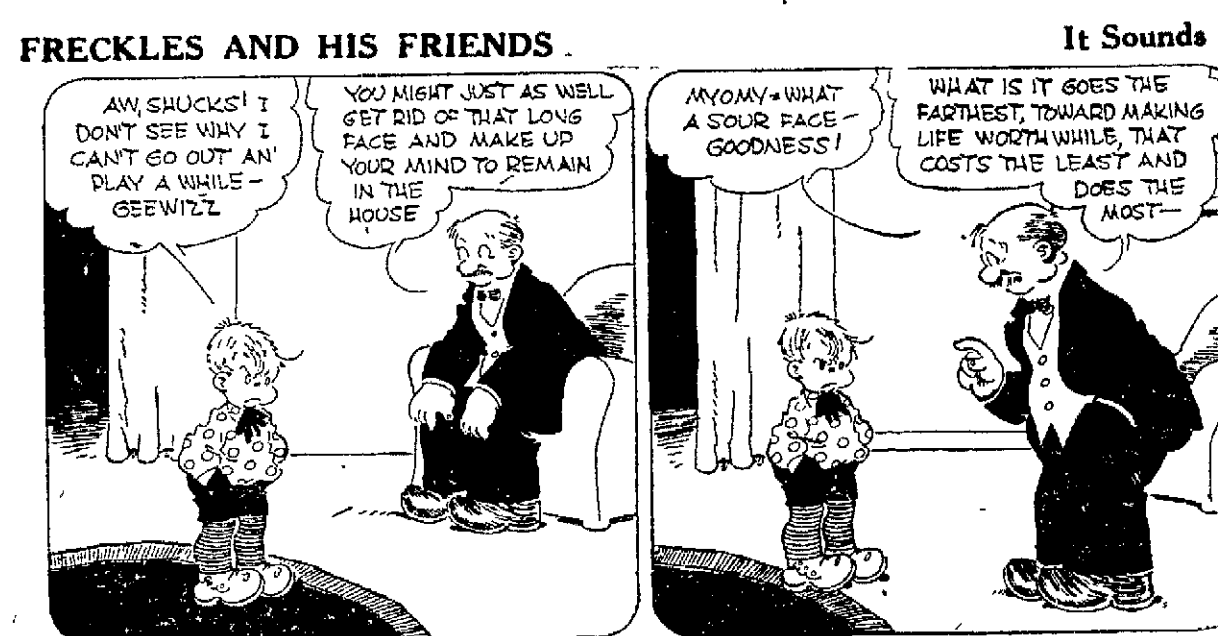

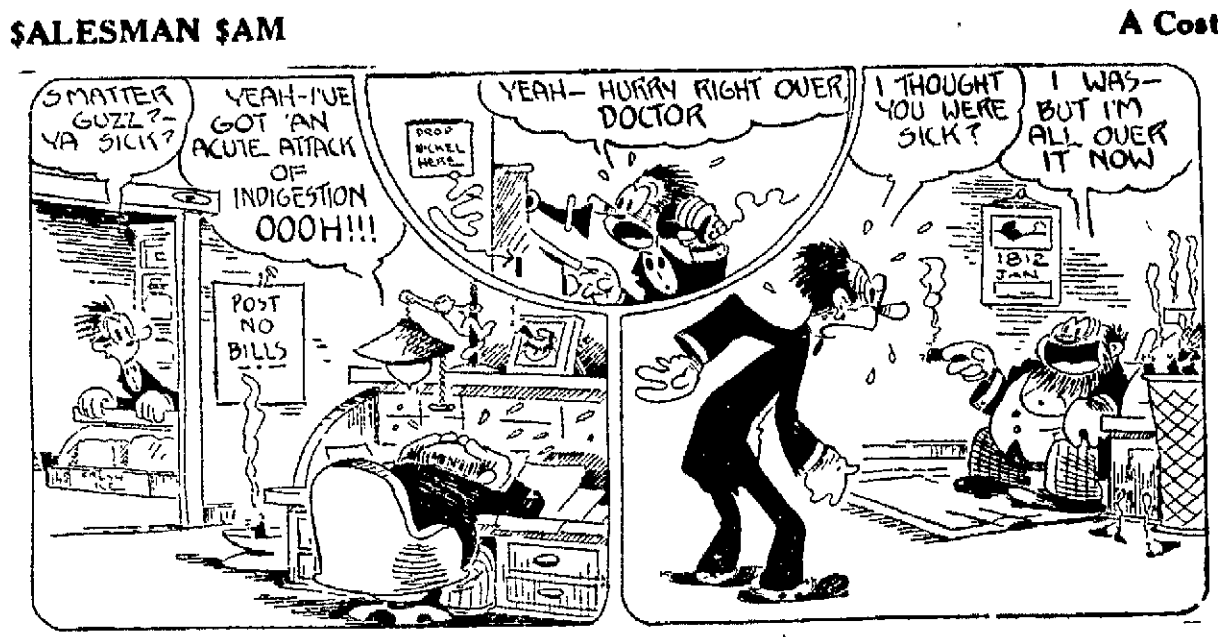

Take care of the nickel and the dollar will come. was his motto, which he followed to build his fortune.

And he repeats the advice to all others.

OLDEST SOCIALIST OF GERMANY DIED AT 82

Re Associated Press.

Berlin—Wilhelm Pfannkuch, who died recently in Berlin, was the oldest member of the Social Democratic party and personally knew Karl Marx, Lassalle and Engels. He was 82 years old. Pfannkuch was the honorary president of the Wolmar general assembly of 1919, which gave the German republic its present constitution. He was first elected to the Reichstag in 1894 and was repeatedly re-elected.

RECIPES

'Pardon Me' Is Not In Good Taste

You hear it on every hand. A bell-boy enters your room with a pitcher of water and drapes, "pahn me," several late comers at the theater with center seats necessarily disturb all who are seated and again comes the constant and unvarying reiteration "pardon me," so annoying to well bred ears.

The cardinal sin against good taste is cheap elegance. Pardon me is an abbreviation of I beg your pardon. It is admittedly a vulgarism and its use betrays a stupid pretentiousness that is unpardonable.

It belongs in the class with such phrases as "the m," "pleased to meet you," "most the wife," all an offense against good taste and never under any circumstances used by educated people. "I beg pardon" is just as bad.

A girl lovely to look at and wearing clothes stood quietly in the lobby of a hotel. In her attitude of unconscious grace she was a picture, and more than one person stole a glance in her direction. Directly she walked up to the desk and in a low tone said to the clerk: "Pardon me, but can you tell me where I can find a timetable?"

It was a giveaway and the illusion of a charming well-bred girl faded. It is hard to say why well bred people avoid certain words and expressions; they just do and always will; and when one uses one of these tabooed expressions he instantly proclaims that he does not belong.

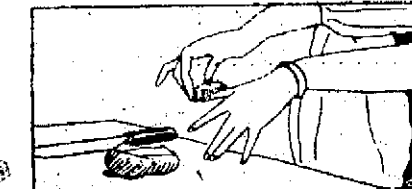

The Englishman invariably says "I'm sorry," the Frenchman murmurs apologetically "pardon," which means something entirely different from pardon me. On all ordinary occasions say simply "excuse me" or "sorry." Don't say "I beg your pardon" unless there is a real occasion to beg some one's pardon. Certain phrases have been so constantly misused that long since they have been relegated to the sides by discriminating people, and "pardon me" has long been a total outcast. It is well to remember that words and phrases like fashions constantly change, "allie fantastic, if too new or old."

Household Suggestions

PATENT LEATHER
A little sweet oil is excellent for your patent leather shoes every now and then.

SOILED COLLARS
The best of coat collars will become greasy and discolored with wear. Clean them with alcohol in which salt has been dissolved.

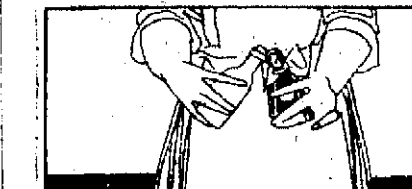

REMEDY FOR BRUNS
If you burn yourself, a quick remedy is to apply a layer of raw

potato to the burned portion and wrap with a soft cloth.

MAILING STAMPS
If you have occasion to send stamps through the mail in a letter take the precaution of dusting them with powder on the gummy side and they will never stick together.

GLASS STOPPER
When you cannot remove the stopper from your perfume bottle try tap-

ping the neck of the bottle with something else made of glass and you can usually remove it with ease.

WOODWORK SPOTS
Remove all spots and marks from the woodwork as soon as they appear, because if they are allowed to stand it means that severe measures must be taken to remove them, and frequently the finish is removed too.

SILVERWARE
Silverware with plain surfaces easily scratched is sometimes injured by ordinary silver polishes. A good way to clean it is to apply potato water with soft cloth and then polish afterward with a chamois.

Good Manners

Traveling, a man is at liberty to offer aid to a woman, he does not know, if it clearly is needed as, for instance, in raising a refractory car window or lifting a heavy valise, provided no porter is available at the moment.

But—He does not attempt a conversation or otherwise seek to establish an acquaintance.

It is the woman's part to thank him courteously and close the incident.

Top And Toe Draw Most Attention To Costume

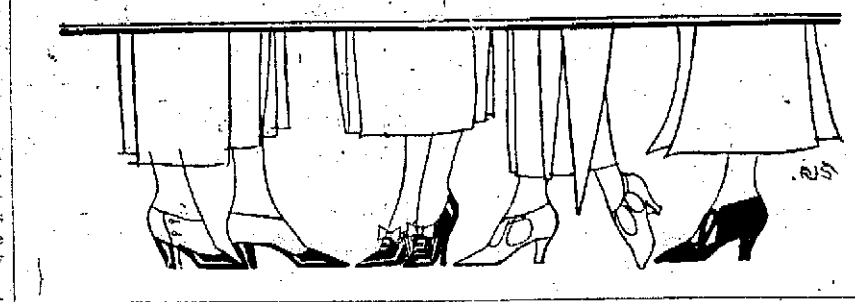

THE newest ideal in dress directs attention to the top and the toe.

Suddenly, for some unaccountable reason, the ignored suit and frock have descended upon us and are offering such relief from our neglected attire of the past few seasons that they are taking all before them.

Instead of lace and ruffles, Palm Beach parades in perfectly fitted, solidly plain tailored suits. So uniform is the suit expected to be that the distinguishing feature of the newest costume must be the hat and the footwear.

The cloche refuses to be ousted in favor of the less severe types. The closer you can approach brimless-

USE ELECTRIC FIXTURES WITH CARE

BY B. B. McCULLOCH
Vice Chairman, Public Utilities Section, National Safety Council

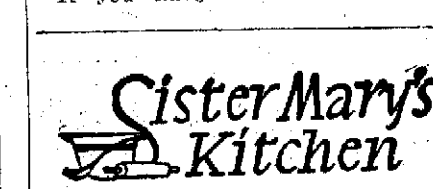

Electricity is one of the greatest time-savers for the housewife, and electric appliances add much to the comfort and convenience of our homes. But electricity is a dangerous force, and even 110 volts will kill under certain conditions.

The danger of shock from the usual household appliances is very slight if proper precautions are taken.

Do not clean electric light bulbs with a damp cloth whether they are burning or not.

One side of the circuit is connected directly with the socket. Unscree them from the socket and wash them. Before replacing the bulb in the socket be sure that the top is absolutely dry or a short circuit may occur.

If you have an electric vacuum

cleaner it is advisable to have base-board receptacles installed. When the sweeper is connected with wall fixtures or a table lamp, the constant pull of the wire will loosen the socket on the lamp or fixture and in time the insulation will wear off and you will receive a shock.

When making a connection with an electric washer, avoid touching the switch or motor or, in fact, any electric appliance with wet hands.

With dry hands and feet the resistance of the body is very high and very little current will pass through it. A person has wet hands and feet and takes a firm hold on some part of the circuit, his body offers low resistance and a larger current will flow through him.

If an electric curling iron or hair dryer is used in the bathroom, be careful not to lean against the tub or bowl. Should a defect in the appliance develop the user would receive a serious shock.

Any electric device with a heating element, such as an iron, grill or percolator, should not be left unwatched with the current on. Many serious fires have been caused by the over-heating of the appliances.

2 tablespoons cold water, 1-4 teaspoon vanilla, 1-4 cup whipping cream.

Heat milk and sugar with a few grains of salt until luke warm. Remove from the fire and stir in the junket tablet crushed and dissolved in the cold water. Crush the tablet before covering with water. Let the milk stand until it cools and jellies. Stir in vanilla and pour into can. Pack in ice and salt. Let stand 10 minutes and scrape down the sides of mixture with a spatula. Beat in cream whipped until stiff. Let stand two or three hours, scraping down the sides once or twice to insure even freezing.

BAKED CUSTARD FOR ONE
Three-quarters cup milk, 2 dessertspoons sugar, few grains salt, 1 egg, 1-4 teaspoon vanilla or few gratings nutmeg.

Scald milk in top of double boiler over hot water. Beat egg slightly with sugar and salt and slowly beat in milk. If care is taken that the milk and egg are perfectly blended it will be unnecessary to strain the mixture. Pour into two slightly buttered custard cups and set in a pan of hot water. Bake about 40 minutes in a moderate oven. Do not let the water in the pan-boil while baking. Test the custard with the blade of a silver knife. If the blade comes out clean when put in the center of the custard the custard is done. If earthenware cups are used they should be put immediately into a pan of cold water when removed from the oven. The heavy earthenware holds the heat and continues cooking the custard if not chilled. (Copyright, 1924, NEA Service, Inc.)

A dessert that is cold must be served cold, not luke warm or half frozen.

A hot dessert must be served hot, not half cold or tepid.

The sense of sight must be appealed to quite as much as the sense of taste, for if the dish does not look appetizing an invalid will usually not even taste it.

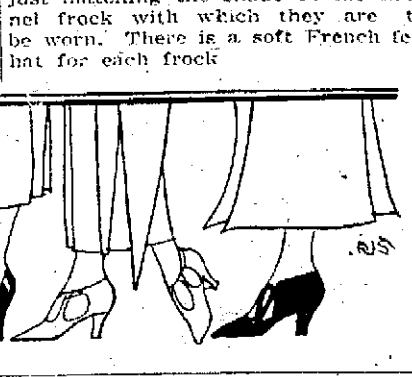

Junket ice cream is ideal for the invalid tray. This rule is for an individual serving. The cream can be frozen in a baking powder box buried in ice and salt. Use one part salt to three parts ice and pour over one half cup luke warm water.

ICE CREAM FOR ONE
Three-quarters cup sweet milk, 4 tablespoons sugar, 1-4 junket tablet,

ness, the smarter the hat. Only the most tailored trimming is permitted. But these hats must be made on perfect lines, just as the suit must.

A prominent actress, just back from Paris, brought with her a novel and charming wardrobe. She has the simplest of wrap-around frocks in light, pastel shades of flannel. Some have white collars, others the buttoned neckline.

With every costume is a complete set of taffeta underthings to match. A slip and bloomers, scalloped at the edge and hemstitched at the top, just matching the shade of the flannel frock with which they are to be worn. There is a soft French felt hat for each frock.

Fix Brussels Sprouts One Of These Ways

A good many persons who don't care for cabbage do like brussels sprouts. However, even devotees of this vegetable grow tired of it when it is served time and again just plain boiled. So vary your brussels sprouts cooking repertoire by adopting some of the following recipes:

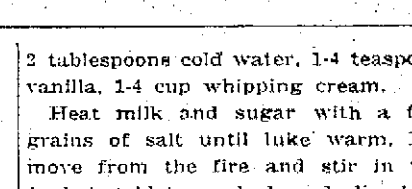

BRUSSELS SPROUTS SALAD
Boil a bunch of brussels sprouts until they are tender. Drain them, and sprinkle them with two teaspoons of lemon juice. Add equal parts—about a tablespoon each—of chopped olives, walnut meats, capers and onions. Arrange all on lettuce leaves and serve with mayonnaise.

FRIED BRUSSELS SPROUTS
Boil brussels sprouts until they are tender. Dip them in egg and fine crumbs, then fry them in deep, hot fat.

WITH TOMATO SAUCE
Boil brussels sprouts until tender, drain and serve with a thick, highly seasoned tomato sauce.

FRIED BRUSSELS SPROUTS
Have ready brussels sprouts that have been boiled until tender. Chop one onion and brown it lightly in a frying pan, in an ounce of butter. When it is golden brown remove it, and add the brussels sprouts—a pint of them. Toss them for three minutes until they are done. Drain thoroughly and season with pepper and salt.

Any electric device with a heating element, such as an iron, grill or percolator, should not be left unwatched with the current on. Many serious fires have been caused by the over-heating of the appliances.

What's the Reason?

IN thousands of homes where one or more of the family are nervous and irritable, the cause may be hidden—hard to understand. But usually, "There's a Reason."

Doctors and dietitians are very generally agreed that people who are nervous or suffer with digestive disturbances should not drink coffee or tea because these beverages contain a drug, caffeine, and their use tends to increase nervous irritability.

Many of us just drift into wrong habits of eating and drinking, though we usually know better. So if there are nervous ones in your family, suppose you make a change—serve Postum for thirty days.

Postum is a pure cereal beverage. It furnishes all the pleasure of a hot drink—cheery warmth and good flavor. Postum is refreshing, satisfying, healthful; and there's nothing in all the world quite so effective as health to overcome nervousness and make life worth while.

Postum for Health

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in time) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

Warns Against Books For Sick

New York—"Be careful about the books you give your sick friends."

This warning is sounded by Lewis H. Carris, managing director of the National Committee for the Prevention of Blindness.

As there is a direct relation between the condition of the eyes and the condition of the body generally, Carris says persons recovering from serious illness often subject their eyes to such severe strain by attempting to read all the books their friends have brought them that their vision is materially and permanently weakened.

"The custom of giving our sick friends stacks of books—many of them poorly printed or in small type—and the convalescent's attempt to read them all," Carris says, "constitutes a menace to the eyes."

How Do You Open Canned Goods?

Did you ever try to open a can of food? Did you punch a hole in the top of the can, and wiggle the can opener around, leaving a jagged edge like a buzz saw? Did you cut your hand and lose your temper over the poor, inoffensive can?

If so, you will be interested to know, once and for all, that there is no need for all this extra effort and annoyance. Just remove the label from the side of the can, until you can see the seam which was made in forming the body of the can.

Now Captain Jennie Crocker is getting ready to command her first expedition. It's a little jaunt down around to St. Joe, Fla., after lumber. Nelson Crocker's going along as chief mate.

But whether either of them goes along as captain or as chief mate, neither of them is going to leave the sea any more.

"Maybe the sea has brought unhappiness to some, to us it has brought only happiness," says Captain Jennie. "Nelson and I loved it when we were little children five years old. We've loved it the 20 years we've been sailing together."

"The sea lifts you above petty things and it makes you believe in God. It teaches you team work and sacrifice and dependence on one another. Those are the things that make good sailors and those are the things that make happy marriages."

That's why Captain Jennie Crocker took out the papers the other day that named her the only woman captain on the seven seas.

Doubtless she could have taken them out any time during the 20 years she was sailing as help mate and mate with Captain Nelson Crocker, her husband.

For once when they were coming back from a little 12,000-mile expedition down to Africa there were 20 days when Captain Nelson Crocker was delirious with fever. And during all that time Jennie Crocker navigated the ship, gave the courses, took the sightings and doctoring her husband. At night time she relieved the black man who was fanning him.

And once when they were coming back from Portugal a gale from the

Azores drove them about helplessly for 52 hours. Jennie Crocker stayed down in the cabin that time, but it was because her husband boarded her up and made her stay there.

Yes, Jennie Crocker could have taken out her papers most any time and when she finally did take the examination the other day, an examination lasting a day and three quarters, prizzled veterans from the customs house came over and begged to shake her by the hand.

HER FIRST COMMAND
Now Captain Jennie Crocker is getting ready to command her first expedition. It's a little jaunt down around to St. Joe, Fla., after lumber. Nelson Crocker's going along as chief mate.

But whether either of them goes along as captain or as chief mate, neither of them is going to leave the sea any more.

"Maybe the sea has brought unhappiness to some, to us it has brought only happiness," says Captain Jennie. "Nelson and I loved it when we were little children five years old. We've loved it the 20 years we've been sailing together."

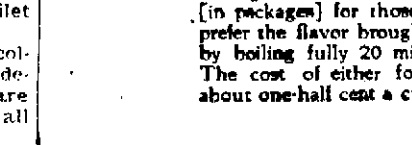

"The sea lifts you above petty things and it makes you believe in God. It teaches you team work and sacrifice and dependence on one another. Those are the things that make good sailors and those are the things that make happy marriages."

That's why Captain Jennie Crocker took out the papers the other day that named her the only woman captain on the seven seas.

Doubtless she could have taken them out any time during the 20 years she was sailing as help mate and mate with Captain Nelson Crocker, her husband.

For once when they were coming back from a little 12,000-mile expedition down to Africa there were 20 days when Captain Nelson Crocker was delirious with fever. And during all that time Jennie Crocker navigated the ship, gave the courses, took the sightings and doctoring her husband. At night time she relieved the black man who was fanning him.

And once when they were coming back from Portugal a gale from the

Jennie Crocker Only Woman Skipper Afloat, Wouldn't Leave Sea

She Holds Only Captain's License Ever Issued By Bureau Of Navigation—Makes Plans For Long Ocean Cruise

Perth Amboy, N. J. — The spell of the sea—it wove itself into the hearts of a boy and a girl and set them looking out over the horizon with nameless longings. It took possession of the lives of a man and a woman and called them away from hearth and kindred. It sent them adventuring into strange ports to bargain with strange men. It broke them, it hurt them, it tossed them, but still it calls them. They're slaves, it the master until the last sail shall have been hauled in.

And that's doubtless why the cabin of the "Jennie Crocker" looks so much like home. It's the only home that Captain Nelson Crocker and Captain Jennie Crocker know.

At 1111 W. 4th Street, near the city hall in Cliffondale, Mass., it was a seven-room house and there was a place to raise chickens and a little bed for pansies. They tried it six weeks and gave up.

BACK TO THE SEA
The sea called them back. A fore-

cast sign appeared in the seven-room house.

Now there are carpets on the floor of the cabin of the "Jennie Crocker" and draperies at the doors, a photograph is in the corner and on the table, screwed to the floor to keep it from sliding, is a grass basket with bits of embroidery.

For Captain Nelson Crocker and Captain Jennie Crocker have given up. They're not going to leave the sea any more.

That's why Captain Jennie Crocker took out the papers the other day that named her the only woman captain on the seven seas.

Doubtless she could have taken them out any time during the 20 years she was sailing as help mate and mate with Captain Nelson Crocker, her husband.

FASHION HINTS

COLORED BUCKLES
Colored buckles, preferably of bright red or Lanyin green, are used on the belts of tailored frocks.

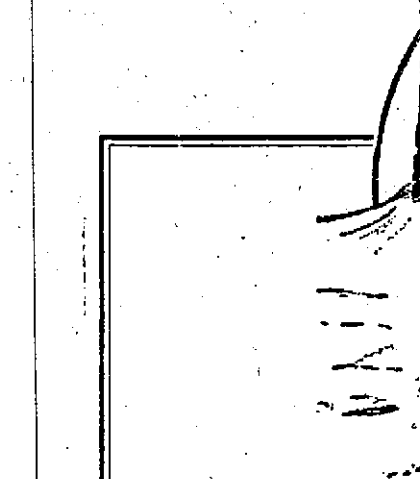

NOT ALL CLOUHE
The very newest cloche hats turn up in front and are cut out in the back. They are made of velvet or felt.

COLORFUL HEMS
White flannel skirts frequently have wide bands of color—brilliant orange, red or green, applied to the bottom of the hem.

ALPACA FOR SPORTS
Alpaca in black or white makes the most fascinating of tailcoats for morning and sport wear.

Snow Adds to the Problem Of Providing Telephone Service

After a deep snow, telephone service is often taxed to the utmost. At such times, people have difficulty in getting about town and more than ever rely upon the telephone.

Furthermore, when transportation is more or less tied up after a snow, it is difficult for the telephone operators to get to work promptly.

And heavy snow, if accom-

panied by wind, frequently tears down poles and wires, shutting off both local and long distance telephone service.

Uniformly satisfactory telephone service is our constant aim, but occasionally conditions arise which are temporarily beyond all human control. At such a time we especially appreciate the patience of our patrons until the situation can be met.

Little Mother Happy Again

"For the past nine years I have been very much distressed with bloating and stomach trouble due to constipation since I was a child. No medicine gave me more than temporary relief. I got so bad I was afraid I would have to leave my three little children. But since taking a course of May's Wonderful Remedy two years ago I have been entirely well; no constipation or other trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

Undeafated Appleton
High Quint Inavdes
Manitowoc On Friday

First And Second Teams Jour-
ney To Shipbuilders' City For
Fourth Contest Of Valley
Conference

Appleton high, the only quintet in
the valley conference with a clean
slate, journeyed to Manitowoc Friday
for the fourth conference contest of
the season. Despite the work of his
youngsters in the past three games
Coach David Wilson is not letting up
in his drill. The second string which
accompany the regulars to Manitowoc
to engage the Manitowoc second in
the curtain raiser, also is getting out
regularly for workouts under Guy
Harlow. Several men have been lost
to this team through ineffectuality.
Manitowoc has lost two out of
three games so far, both by a very
close margins. Last week, Sheboygan
took that aggregation to a 25 to 19
cleaning, and the previous week West
Green Bay gave it a drubbing. The
local youngsters have defeated She-
boygan and West Green Bay. Fond
du Lac, which was tied for first place
with Appleton until last Friday, plays
East Green Bay this week. The Bay-
men are close on Fond du Lac's heels
and according to pre-season dope have
the edge on them. If Appleton wins
its game and Fond du Lac loses, the
local schollers will have a 2 game
lead on their nearest rivals.
Friday's game will be played in the
new high school gymnasium at Mani-
towoc.

SPORT VIEWS
AND NEWS

A meeting of the football chiefs of
the schools in the Valley conference
will meet in Appleton during the first
week in February to complete the pig-
skin schedule for the season. Fond du
Lac, Appleton, Sheboygan, Kaukauna
and West Green Bay are the schools
aggregations.

The winter sport enthusiasts in the
Valley are making themselves very
much at home in the sub-zero weather.
The hockey teams are in action
each Sunday and the games are draw-
ing big crowds but the receipts from
raising the hat are running far be-
hind the puck chasers expenses.

Fond du Lac's streak of wins in the
caging race came to a sudden end
on Friday at Oshkosh when the Saw-
dust City schollers slipped a victory
against the Fruition. Fondy has
a street outfit of basketballers but
they are handicapped a bit by the
lack of poundage.

Roy Conley took another lesson in
fighting from Buddy McDonald at
Fond du Lac the other night. The
Person has the knack of looking
mighty good even in defeat as he is
always there fighting his hardest
even if the tide of battle is not turn-
ing in his direction.

Sheboygan broke its losing streak
by downing Manitowoc in an exciting
basketball game. It was a Conference
affair. The game, which was the
annual contest in the Shipbuilders
new gym, attracted a record crowd. A
big delegation of Sheboyganites
backed their squad to the limit.

Appleton high continues its win-
ning ways on the basketball court.
It was figured that Coach Wilson's
team was in for a fall when they
battled West Green Bay at Green Bay
but the College City youngsters kept
up their brilliant performance and
came through with their third
straight victory.

Marquette hit the dust at the hands
of East Green Bay in a cageing fre-
eze by the score of 17 to 5. The Nor-
therns had difficulty penetrating the
Bayites' defense, only counting a
pair of field baskets. O'Brien, the
East star, had a field goal, getting
four singers and two free throws.

A Pacific coast basketball team,
making a cross-continental tour, will
perform in Neenah on Feb. 13. The
famous Westerners are called the
General Tires and they are said to
have one of the fastest teams in the
country. This probably will be the
last home game for Jones' combina-
tion.

A call for a Wisconsin State league
baseball meeting is expected any day
from President McGillan of Menasha.
Many rumors are floating about on
the baseball situation and the mag-
nates are anxious to get together and
reviver the facts concerning the
alleged desertions.

MEMPHIS BANTAM PUTS ON
STYLE WITH STATIONERY

preciate what it means to be a bantam
weight owner in the Chicago taxi cab
business. The fighter's card was or-
nately embossed and set off with a
silver seal, bearing the bantam's very
own signature.

a basketball quintet. In a game the
other night the little Bentonville gang

NEENAH HOCKEY
TEAM WILL PLAY
HERE ON SUNDAY

Black And Orange Seek Re-
venge For Contest Lost To
Maroons Two Weeks Ago

Neenah Sunday will try to even its
score with the Appleton hockey team
here when the Black and Orange invade
this city for their third contest. The
Maroons humbled the experienced
Neenah sextet, 6 to 3, a week ago, and
since that time also took Kaukauna
to a cleaning.

The Maroons are offsetting their
lack of experience in hockey by speed
and endurance, and up to the present
their tactics have been highly success-
ful. The Sharp brothers last Sunday
scored all of Appleton's points be-
tween them, with Lemke and Frash-
er starring on the defense. These
men are the backbone of the Ma-
roons, and with good coaching and ex-
perience it looks as though they will
end the season on the top of the heap.
Oshkosh is regarded as the chief
rival of Water Bell and his sextet.
The Sawdust city team has had sev-
eral years of experience, and includes
noted players from Canada as well
as all over this country. The Maroons
have not yet had a chance to try their
strength with that team, but when
the two meet, an exciting contest is
bound to be the result.

Neenah was also said to have a
strong, experienced aggregation in
pre-season dope. They had little dif-
ficulty in taking a game from Kau-
kauna, but the Maroon invaders easi-
ly hested them on their own rink
two weeks ago. The Blackies are plan-
ning to take revenge Sunday in Jones
park, which adds interest to the al-
ready strong rivalry existing between
the two.

We are not surprised to read
that Flipo sleeps on the floor.
...As a matter of fact most
of Dempsey's opponents do.

This Jockey Parke, who never loses
a race, may be first in peace and first
in war, but he's absolutely last in
the hearts of the bookies.

A BOXING EXPERT CONFESSES
THAT JOHNNY WILSON IS NOT
A KETCHER. WE SUPPOSE HE
ADMITT IF PRESSED THAT BUD
FISHER ISN'T A REMERANDT
EITHER.

A Kansas City man ate 50 miles of
spaghetti and now they call him a
champion. Probably because he can
stand so much punishment.

As a Norwegian, Molla Mallory will
have to play against America in the
Olympic matches. ...And to
many it seemed as if she were play-
ing against America when she met
Suzanne.

Even if the British champion did
wind up in thirty-ninth place in the
California golf tourney he was on his
feet at the finish, and that's more
than you usually get to say about a
British champion.

Pitcher Shocker, who was suspend-
ed for taking his wife on a baseball
trip, has been reinstated. Much to
the disgust of other married pitchers
who are thus deprived of a legitimate
excuse.

We read that America's chances
of winning the Olympic ski jumps
are very slim. If you are easily
moved to emotion go over in a corner
and sob over that.

Headline warbles: "Warmed Gi-
ants' Bench Three Years Released."
...Another romance shattered.

Pittsburg has tied the tinware to
Outfielder Leavitt. ...We are not in
a position to state whether he is one
of those fellows who can leavitt or
takeit.

METHUSELAH LIVED TO BE 369
YEARS OLD. IF YOU LIVE TO
BE THAT OLD YOU MAY SEE THE
DAY WHEN A CASHBELL MAG-
NATE WILL ACTUALLY REFUSE
TO BE INTERVIEWED.

You can learn marksmanship by

you can go to Hollywood and join the
movies.

beat the Gings high school. Gings, by
the way, didn't even dispute the vic-
tory. Oh! The score was 122 to 13.
Thompson, star center for the Ben-
tonville aggregation, tossed 31 field
goals.

SKATERS PUTTING
IN HARD HOURS TO
PREPARE FOR RACES

At Least 40 Skaters Are Ex-
pected To Take Part In
Ice Tournament

Appleton skaters entered in the sec-
ond annual tournament which the
Post-Crescent will conduct at Jones
park on Sunday, Feb. 2, are putting
in their spare hours practicing for the
races. The speed which the skaters
are getting is remarkable, indicating
that last year's records will go by the
boards.

Entries close on Friday, Jan. 25. It
is believed at least 40 skaters will be
entered and that several elimination
events will be necessary. The racing
program starts at 1 o'clock Sunday
afternoon and will be arranged after
all the entries are in.

All the medals and trophies which
will be given to winners now are on
display at the Post Building. Hun-
dreds of people have admired the me-
dals and the silver loving cup which
the Post-Crescent has provided.

Preparations already have been
started to accommodate the huge
crowd that is expected. Last year
about 2,500 persons crowded around the
race course and this year it is be-
lieved the number will be larger. If
weather conditions are favorable, The
1924 races without a doubt will be the
biggest sports event of the winter sea-
son. It is attracting attention all over
the state and it is possible skaters
from other cities will be here to wit-
ness the races.

BELOIT CHANGES
BASKETBALL MENU

Coach T. E. Mills Announces
New Card Will Include
12 Contests

Beloit—A number of changes in the
Beloit college basketball schedule were
announced on Monday by Coach T.
E. Mills. The Gold quintet has won its
first two games against Knox and
Hamline. Twelve more contests will
be played—five at Beloit and seven
away. All but one of Beloit's oppo-
nents on the perfected schedule are
members of the Midwest conference
except Carroll. The schedule:
Jan. 25, Dubuque at Beloit; Jan. 26,
Cornell at Mount Vernon; Jan. 29,
Coe at Cedar Rapids; Feb. 3, Coe at
Beloit; Feb. 9, Lawrence at Beloit;
Feb. 15, Ripon at Ripon; Feb. 22,
Ripon at Beloit; Feb. 23, Carroll at
Beloit; Feb. 26, Dubuque at Dubuque;
Feb. 29, Carroll at Waukesha; March
1, Lawrence at Appleton; March 4,
Cornell college at Beloit (tentative).

VILLA BEATS MORAN IN
10-ROUND RING BATTLE

Pittsburg—By extending himself in
the last two rounds Pancho Villa
flyweight boxing champion, won the
judges' decision over Mike
Moran of Pittsburg in a ten round
bout here Monday night. At the end
of eight rounds each boxer had been
given four rounds. Villa's title was
not involved, the fight being at cat-
chweights.

Second Annual
City Championship
Skating Tournament

I wish to enter the city championship skating tourna-
ment conducted by the Appleton Post-Crescent at Jones
park on Sunday, Feb. 3.

Olympic Mermaid

Fresno, Calif.—The Pacific coast
senior fancy diving title is not enough
for Bernice Phelan, twelve-year-old
aquatic marvel of this city. She's al-
ready started training for a few
world titles.
Under tutelage of Phil Patterson,
San Francisco Olympic Club swim-
mer, Miss Phelan is preparing herself
to enter the Olympic games at Paris
next June.
With one possible exception, Viola
Hartman of the Los Angeles Athletic
Club, Miss Phelan is declared to be
far in lead of all other women divers
on the coast. Which would triumph
in a competition between Miss Hart-
man and Miss Phelan is problemat-
ical as the two have never met.
Miss Phelan started her career in
local tanks at the age of 7 years, even
then showing an aptitude far beyond
her years.

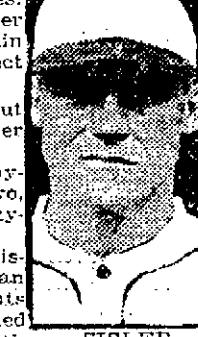

Major Stars Rate Chase
Equal To George Sisler

George Sisler, who will manage the St. Louis Browns this year, is prob-
ably through as an active player.
Sisler, when at the top of his game, voted the most valuable player in the
American League, suffered an eye affliction that has apparently finished him
as a player.

CHASE
first basemen.

Of course Sisler has hopes that he
will be able to play, but even if he does,
it is a good bet that he will be no longer
be the peerless George. There is certain
to be a lack of confidence that will affect
his play.
In baseball two first basemen stand out
as the greatest of all time, George Sisler
and Hal Chase. Who was the greater?
If a vote of the American League play-
ers, familiar with the ability of the two,
was taken, it would probably be fifty-
fifty.
Despite the admitted greatness of Sis-
ler, the veteran stars of the American
League cannot forget the remarkable feats
of Chase, the player who really perfected
the style of play that is now standard with

SISLER

As a matter of fact Sisler can do only one thing better than Chase, bat,
and the margin is rather slight.
In the field it would be utterly impossible to ask any player to excel Chase.
He was the perfection of grace and accuracy. He had a wonderful arm, his
aim was deadly. When it came to talking balls with the gloved hand, or dig-
ging them out of the ground, his work was uncanny.

Chase was a .300 batsman and had few equals as a place hitter. On the
hit-and-run he was almost as apt as Eddie Foster, conceded to be the best in
the business.

Sisler ranks as a wonder, but to say he is better than the great Hal Chase
would bring a rising vote of dissent from the veteran American League stars.

JACK BRITTON IS LOYAL
TO MANAGER DAN MORGAN

They can't say Jack Britton isn't
loyal. The old welterweight cham-
pion has remained under the manage-

ment of Danny Morgan throughout

his career as a fighter. Morgan's skill-
ful matchmaking and promotional ge-
nius made Britton rich and the Chi-
cago Irishman hasn't forgotten it.
Which is more than you can say for a
lot of other fighters.

CUE STARS HOLD UP
PLANS FOR TOURNEY

Chicago — While tentative arrange-
ments for the proposed exhibition
tour of Willie Hoppe and Jake Schaefer
have been completed, nothing defi-
nite will be closed until after the con-
clusion of their match for the world's
billiard championship on Thursday
night. Hoppe so stated im-
mediately following the first block of
their match Tuesday night.

Should Hoppe be defeated in this
match he will be entitled to chal-
lenge Schaefer to defend the title
within sixty days. In such an event
a preliminary exhibition tour would
be out of the question. It would savor
too much of hippodroming.
The plan is for the two players to
tour the larger eastern cities and pos-
sibly invade Europe for exhibitions
in England, France, Belgium and
Germany after the season in this
country.

NOTICE

Town of Buchanan Tax Notice. I
will be at the Farmers and Merchants
Bank, Kaukauna, Tuesdays and Fri-
days until Feb. 1st for collection of
taxes.

N. B. A. CHARGES
COMBINE RUINED
FIGHT AT SHELBY

Association Says Game Is Dom-
inated By Rickard, Ring-
ling And Others

Louisville—Charges that boxing in
America is dominated by a pow-
erful combine, consisting of Tex
Rickard and John Ringling, the circus
king, and the sports alliance and as
long as this combination fastens its
grip on the sport few championship
hunts ever will be staged outside New
York, were made by members of the
National Boxing association in annual
session here on Tuesday.

Officials of the association late on
Tuesday were trying to determine
whether any of these interests had a
spy at the present meeting and were
said to hold the opinion that one mem-
ber of the delegates present was acting
as an observer for these men.
E. A. McAuley, Michigan boxing
commissioner, has been leading the
opposition to the appointment of Wil-
liam Muldoon, former New York box-
ing commissioner, as director of box-
ing. The Detroit delegate charged
Mr. Muldoon alone stood in the way
of New York, New Jersey and Mass-
achusetts joining the National Boxing
association.

Mr. McAuley also charged the Rick-
ard-Ringling faction with having sent
paid agents to Shelby to ridicule and
discredit the Dempsey-Gibbons fight
because they didn't want to see a
world's championship fight held out-
side of New York.

"So long as Rickard and Ringling
control things in New York, we of
the rest of the United States can not
hope to stage a championship bout,"
Mr. McAuley said. "They have a cor-
ner on real talent," he continued, "be-
cause they have a corner on the popu-
lation. I don't exactly blame the
fighters because they are fighting for
a living and naturally go where the
money is. But I think the whole
thing is basically wrong."

Moline Kegler
Rolls 789 For
Second Place

Moline, Ill.—A score of 789, believed
to be the second highest 3-game bow-
ling score ever recorded in league play
under A. B. C. rules was made Tues-
day night by Arvid Hartman. His
totals for the three games were 267,
268 and 254. In each game he made
eight consecutive strikes and had he
toppled two pins left standing in the
last frame of his last game he would
have exceeded 800 for a world's re-
cord. Hartman will compete in the
A. B. C. meet at Chicago.

Kimberly Pin
Busters Bowl
In State Meet

Blue Moons, Kimberly's entry in
the Janesville state bowling tourna-
ment will do their stuff in the pin
classic on Feb. 10, and 11. The Blue
Moons are classed as one of the best
teams in this neck of the woods. Af-
ter getting away to a very poor start
at the opening of the season, they re-
cently hit their stride and are bow-
ling them over consistently. Last
year they carried off the county hon-
ors with a total of 2828, and this
season they will attempt to improve on
that record.
J. Verbeten and H. Williams will
double up at the state tourney, while
B. Clemens will bowl with G. Jinos,
a member of the Appleton Olympic
team, who is considered among the
ranking pinmasters of the college
city. M. Lammers and P. Behling will
hook up together. They will bowl
across the same alleys as Hoyer and
O. Donovan of Milwaukee last year's
doublers champs.

STECHER LOSES FEAR OF
STRANGLER'S HEAD HOLD

Joe Stecher is seeking another match
with Strangler Lewis for the heavy-
weight championship. Stecher says he
no longer fears the famous head hold,
by the use of which Lewis has finally
won most of his matches.

HOPPE RECOVERS
IN SECOND BLOCK

Balkline Champ Makes Up For
Lost Time; Runs 182 And
172 Tuesday

Chicago — Willie Hoppe of New
York has a fine chance to retain his
world's title in 18.2 ball line billiards
Wednesday night, when on resuming
play in the final 500-point block of
his 1,500 match with young Jake
Schaefer, he will find the balls in ex-
cellent scoring position at the head
of the table to add to his lead of 1,000
to 729.

Facing a deficit of 131 points Tues-
day night as a result of losing the
first block 369 to 500, Hoppe took full
advantage of Schaefer's inability to
score consistently by putting together
runs of 182 and 172 and taking the
block, 631 to 239.

BANTAM CHAMP MEETS
OWENS ON WEDNESDAY

El Dorado, Ark.—Joe Lynch, ban-
tamweight champion, and Parky Ow-
ens of Boston will meet here Wednes-
day night in a 10-round no decision
bout. They are expected to weigh in
at 117½ and 116 pounds respectively.
